

Wave 360

The highest degree of splash deflection

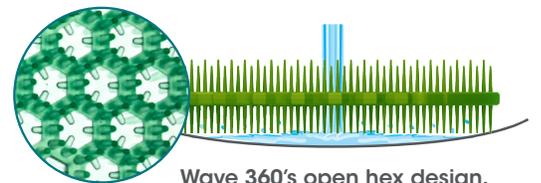

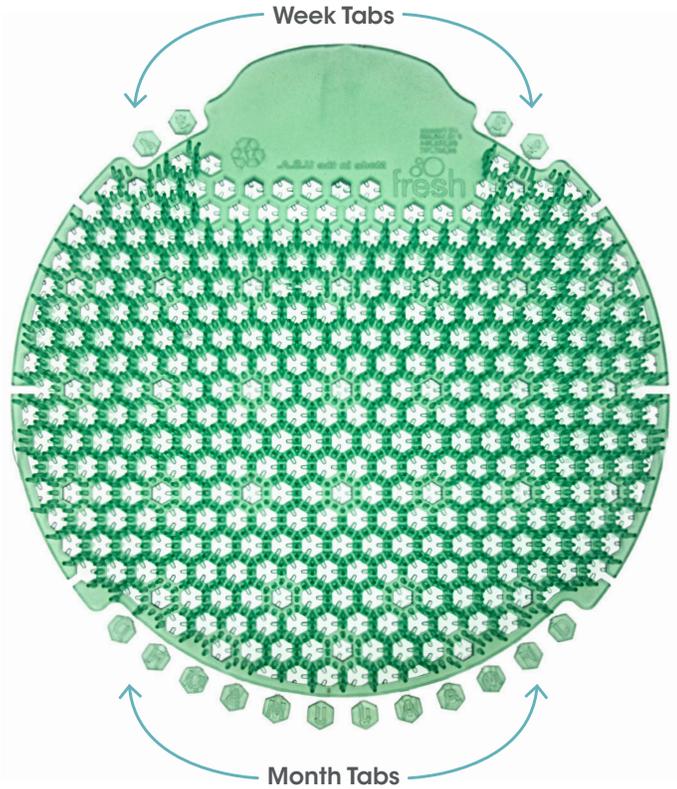

Cost-effective, high-performing 60-day screen

Cleaner restrooms for 60 days

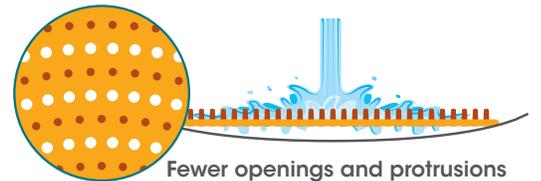

- Horizontal AND vertical protrusions deflect and diffuse more urine
- Billions of beneficial bacteria consume odors at the source
- Patented high fragrance load

Reduce labor

- Less urine on the floor = less cleaning
- Half the change outs

Wave 360's open hex design, with internal and external protrusions, virtually eliminates splash.

Fewer openings and protrusions cause pooling and creates splash

↑ INTENSITY	Fragrance	Color
	Herbal Mint	Light Green
	Fabulous	Purple
	Summer Sunshine	Yellow
	Spiced Apple	Magenta
	Cotton Blossom	Light Blue
	Mango	Orange
	Cucumber Melon	Dark Green
