Summary

Software developer and designer with two (2+) years of experience with on iOS, Swift, Java, Python, Objective-C. Interested in designing and crafting modern software and beautiful user interfaces.

Experience

Lead iOS Developer, ResQ Medical, San Francisco, CA September 2015–
Present
I work on the iOS app of ResQ Medical. I am in charge of developing and implementing new features as well as releasing builds to the Apple App Store. This includes testing, UI/UX design and product release cycles.

Teaching Assistant, University of San Francisco - Computer Science Department, San Francisco, CA August 2014–
December 2014
Helped tutor and introductory computer science class. Assisted with labs and one to one tutoring after class hours and also graded tests and projects.

Projects

Office Hours iOS App

- Office hours is an app that connects students with mentors.
- Students can make better career choices by engaging with mentors. Swipe-able interface for browsing through a detail list of mentors
