1. Bugs

[CORE-1778] - Penalty Tolerance Period ignored for Fixed Loan account during appraisal

For fixed loan account, penalty was applied even though the Penalty Tolerance Period was set to 0. Mambu has addressed the issue and provided a fix. The penalties are now applied respectively to Penalty Tolerance Period.

[NEO-1403] - IndexOutOfBoundsException is thrown when making a repayment after repaying a 0.01 disbursement and a manual fee application

After making a disbursement at due date and applying a manual fee and then making a repayment of 0.01, when any repayment is made after the cron jobs were executed, an IndexOutOfBoundsException was thrown. With this fix, any transactions made after the above steps are executed will be successfully made.
