SIZE: The minimum order we process is \$500, based on wholesale prices.

ESTIMATED PRODUCTION TIME: Two to three weeks, generally, but to be agreed on order date between Marcellamoda and Customer. (FYI, certain pieces are always in stock and, depending on overall preferences, orders can shipped more quickly than two weeks if no new production is necessary).

SHIPPING: Marcellamoda ships via DHL. Shipments via DHL normally take no more than two to three days from the shipping date for the delivery to arrive to Customer globally. Please know that Marcellamoda charges a shipping fee for orders shipped anywhere in the world. This fee will vary (higher or lower) based on the actual size of your order and shipping destination but, generally speaking, the table below offers an estimate of what the relevant shipping and handling fee may be...

- For orders of \$750 or less: \$65
- For orders of \$1000 or less: \$85
- For orders of \$1500 or less: \$120
- For orders of \$2000 or less: \$150
- For order >\$2000: we can provide a custom shipping and handling quote.

PAYMENT: Accounts are payable by advance receipt of U.S. credit card or paypal.

CURRENCY: Marcellamoda accepts payment in USD or Euro (with value of payments in Euro fixed based on the prevailing USD/EURO exchange rate on date of order. Customer needs to specify if he or she wishes to pay in Euro on the date of order; otherwise, payment will be processed in USD).

The steps for an order are the following:

1. You send us a note with the Design IDs (listed at the end of each product's

title, for example MD002), color and size amounts.

2. You tell us which payment method you prefer - U.S. credit card or paypal (we would need the email associated with your paypal account).

3. In the email, please also include your company information as well (Company Name, Address, Tax ID, Contact Phone, etc.).

4. We create a pro forma invoice within one business day and email it to you for your review. Once we have ironed out all details, we will request payment. After your payment has cleared, it would take us 2 to 3 weeks, as agreed, to process the order (we will provide in advance a guaranteed shipping date)

5. We ship the shipment via DHL and it generally takes no more than 2-3 days for the delivery to arrive to you.

6. Once in receipt of the merchandise, it's your responsibility to make any claims of defects, including but not limited to those related to shortages, quality, or specification, within the first 72 hours (three days). (FYI, in five years of wholesaling, we've only ever had two small issues with a "defect" - two wholesale customers unhappy with a new color of one garment and we quickly and amicably worked it out – but we think it important to specify this responsibility for the protection of both sides...). In the event of any mutually agreed defect, we will cover the expense of remediation and return/additional shipping as long as the garments are mailed by you within 120 hours (five days) of receipt.

7. Other than in connection with any defect, returns are not permitted except under exceptional circumstances and, if a return is approved, the garments have to be mailed within 120 hours (five days) of receipt (on your own expense).
