Charles A. Furgal, Jr.
Director of Public Safety
MassBay Campus Police
INTRODUCTION

The Department of Public Safety prepares this Report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This Report includes statistics from the previous three years concerning reported crimes that occurred at all three College locations. This Report also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

MassBay is a community of faculty, staff, and more than 5,500 students. Located in the Massachusetts towns of Wellesley, Framingham and Ashland, the College community shares many of the same interests and concerns as local communities such as the protection and preservation of public safety. MassBay’s Department of Public Safety is commissioned and trained to protect the same rights and liberties as local communities.

The full text of this Report is available online at the College website: www.massbay.edu/police. This Report is prepared in cooperation with local law enforcement agencies and MassBay’s Office of Student Development. Each entity provides updated information on their educational efforts and programs to comply with the Clery Act. Campus crimes, arrests, and referral statistics include those reported to the Department of Public Safety, designated campus security authorities, and local law enforcement agencies.

Each year a notification is made to all enrolled students, faculty, and staff. This notification provides information on how to access the Annual Security Report both online and in printed form. Copies of this report may also be obtained at the Department of Public Safety located at 50 Oakland Street, Wellesley, Massachusetts 02481, or by calling the Department of Public Safety at (781) 239-2699. Copies are also available at the College locations in Framingham and Ashland. All prospective employees may obtain a copy from the Office of Human Resources; and all prospective students may obtain a copy from the Office of Admissions. Students, Faculty, and Staff will be notified by email. Confirmation of distribution will be obtained from the Office of Information Technology.
POLICY ADDRESSING CAMPUS LAW ENFORCEMENT AUTHORITY

MassBay’s Department of Public Safety works under a two-tiered system and is comprised of both police officers and contract security guards. The police officers are professionals trained the same as municipal police officers; the contract security guards provide security during the hours of 11:00 PM to 7:00 AM Monday through Friday in Framingham and Wellesley and on the weekends.

To combat crime and ensure public tranquility, the Department of Public Safety is a visible part of campus life. Our police officers are trained and equipped to provide progressive law enforcement and emergency services to our community. MassBay police officers are licensed as special state police officers in accordance with Massachusetts General Law 22C, Section 63, which gives them the same police authority as municipal police officers for any criminal offense committed in or upon the lands or structures owned, used, or occupied by the College. Police are also sworn Deputy Sheriffs in both Middlesex and Norfolk counties. Contract security personnel have no law enforcement or police authority and are not empowered to make arrests. Their function is to oversee public safety when they are on campus. They are trained to contact local authorities if there is a situation where police presence is warranted and then notify Public Safety management.

MassBay police officers attend various training and refresher courses sponsored by the Massachusetts Municipal Police Training Committee and the Department of the State Police throughout the year. MassBay police officers are certified first responders for medical emergencies. Contract security personnel are trained in CPR/first aid.

POLICY ADDRESSING THE ENCOURAGEMENT OF ACCURATE AND PROMPT CRIME REPORTING

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety related incidents to the Department of Public Safety. To report a crime or emergency on campus, dial extension 2222, or from outside the College phone system dial (781) 239-2222. In Ashland, dial 911 immediately and call the Department of Public Safety if it is safe to do so after dialing 911.

The Department of Public Safety can be contacted for non-emergencies on the Framingham or Wellesley Hills campus by dialing extension 2699, or at the Ashland Technology Center by dialing (781) 239-2699.

To report a non-emergency security or public safety related matter from a non-campus telephone, dial (781) 239-2699.

Crimes should be reported to the Public Safety Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

POLICY ADDRESSING THE WORKING RELATIONSHIP WITH LAW ENFORCEMENT

MassBay’s Department of Public Safety maintains a close working relationship with the police departments of Wellesley, Framingham, and Ashland, as well as the Massachusetts State Police. The Department utilizes the resources of these departments to assist with serious crime investigations, and critical situations which may endanger the campus. MassBay police officers communicate regularly with town police officers and share information regarding incidents which occur on or near any of the campuses.

The College also uses contract security personnel for weekend and overnight coverage for all three of the campuses, and to supplement MassBay police officers for traffic control and security patrols.
Wellesley Hills Campus

The Wellesley Hills campus utilizes MassBay police officers during the work week. Contract security is utilized on the weekends, overnight and to cover open police shifts due to vacation, sickness, training, etc. There is no written memorandum of understanding between the Department of Public Safety and the Wellesley Police Department at this time. MassBay police officers handle routine calls for police services whenever possible and supplement with the services of the Wellesley Police Department for more significant crimes. When on duty, contract security guards contact the Wellesley Police Department for all criminal complaints.

The Public Safety Department maintains a working relationship with the Wellesley Police Department. The officers of the Wellesley Police Department and MassBay police officers communicate regularly on the scene of incidents that occur in and around the campus area. Wellesley police officers have access to more resources and therefore are generally the lead on crimes and investigations on campus, but investigators work closely with MassBay police officers on incidents that require joint investigative efforts, resources, crime related reports and exchanges of information as deemed necessary.

Framingham Campus

The Framingham campus utilizes MassBay police officers during the work week. Contract security is utilized on the weekends, overnight and to cover open police shifts due to vacation, sickness, training, etc. There is no written memorandum of understanding between the Department of Public Safety and the Framingham Police Department at this time. MassBay police officers handle routine calls for police services wherever possible and supplement the services of the Framingham Police Department for more significant crimes. When on duty, contract security guards contact the Framingham Police Department for all criminal complaints.

The Public Safety Department maintains a working relationship with the command staff at the Framingham Police Department. Town of Framingham police officers and MassBay police officers communicate regularly on the scene of incidents that occur in and around the campus area. Framingham police officers have access to more resources and therefore are generally the lead on crimes and investigations on campus, but investigators work closely with the MassBay

Ashland Campus

The Ashland campus has no campus police presence on site. The College utilizes contract security on the evening shift Monday through Friday. Contract security will call for the assistance of the local police for any criminal matter. Ashland police officers provide routine patrols of the interior and exterior of the Ashland campus buildings.

There is no written memorandum of understanding between the Department of Public Safety and the Ashland Police Department at this time. Periodically and when necessary, the Public Safety Department and the Ashland Police Chief meet to discuss outstanding issues or routine information. Additionally, special needs are communicated between agencies as they occur.
POLICY ADDRESSING HOW TO REPORT CRIMINAL OFFENSES

The College, in fostering a culture of respect, expects that faculty, staff, students, and visitors report all crimes and violations of College policy promptly. To report a crime or emergency, members of the community should call the Department of Public Safety. Professionally trained officers and contracted security personnel are available for response 24 hours a day, 7 days a week, 365 days a year. In addition to our publicly posted main numbers, if you are a witness to, or are involved in, an on-campus emergency, use a red emergency phone located in common areas of campus buildings to call the Department of Public Safety at extension 2222. On the Wellesley Hills and Framingham campuses, blue light emergency phones are located strategically in parking areas.

It is the goal of the Department of Public Safety to make emergency information readily available to students, faculty, staff and the general public. Emergency contact information is displayed on television screens located in common access areas on each campus. Campus police officers facilitate presentations to students during orientation that provides this, and other important public safety information. MassBay’s culture of respect policies are prominently displayed on every campus.

Emergency phone numbers and instructions on how to report incidents are published in the annual Student Handbook and on the Department of Public Safety page on the MassBay website. Telephones on all three campuses have been outfitted with a bright orange sticker containing emergency phone numbers.

POLICY ADDRESSING SECURITY AND ACCESS

Security of Access to Campus

During business hours, the College is open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all College facilities is by key, if issued, or by admittance via the Department of Public Safety with proper identification and/or clearance. Some facilities may have individual hours which may vary at different times of the year. Examples are the Academic Achievement Center, Recreation and Wellness Center, and Disability Resources. During business hours, the building will be monitored by Public Safety or contract security staff. MassBay is not a residential college.

Security Considerations Used in the Maintenance of Campus Facilities

Emergencies may necessitate changes or alterations to any posted schedules. Areas of the College may be off limits due to any number of reasons including, but not limited to, hazardous conditions, threatening situations, or safety concerns. This may require the Department of Public Safety to restrict or deny access to an area for a period of time. Members of the community who have a concern about a safety issue are encouraged to report these issues to the Public Safety Department. Reported issues, and those uncovered by MassBay police officers, are then addressed via an initial investigation followed by the submission of a work order. Work orders initiate the involvement of the Facilities Department for appropriate reparations.

Additionally, during the academic year, the Clery and Public Safety (CAPS) Committee meets regularly to review Clery reporting and practices as well as areas of pressing concern within the College. The CAPS committee consists of senior administrators from across the College including: Director of Public Safety; Director of Human Resources; Dean of Students; Director of Marketing; Director of Counseling; and the Vice President for Finance & Administration and the Department of Facilities.
POLICY ADDRESSING CRIMINAL ACTIVITY OFF CAMPUS

MassBay does not operate off-campus housing or off-campus student organization facilities. When a MassBay student is involved in an off-campus incident, MassBay police officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Wellesley, Framingham and Ashland police officers routinely communicate with campus officers on any serious incidents occurring on-campus or off-campus in the immediate neighborhoods surrounding MassBay.

In addition to charges filed by state or federal law enforcement agencies, MassBay reserves the right to take disciplinary action against a student for off-campus conduct when such conduct adversely affects the College community, poses a threat of harm to the College community or otherwise interferes with the College’s pursuit of its objectives or mission. Depending on the circumstances, proceedings under the Student Code of Conduct may be carried out prior to, simultaneously with or following civil or criminal proceedings off campus. Judicial sanctions may include discipline, up to and including interim suspension, suspension or expulsion from the College. These policies are published annually in the Student Handbook, which is updated every year and posted on the MassBay website.

POLICY ADDRESSING SECURITY AWARENESS PROGRAMS FOR STUDENTS AND EMPLOYEES

During student orientation sessions, students are informed of services offered by the MassBay Department of Public Safety. Crime statistics are available for students, faculty and staff throughout the year in the Department of Public Safety and on the MassBay website.

A common theme for all awareness and crime prevention programming is to encourage students and employees to be aware of their shared responsibility for their own security and for the security of others.

The office of Human Resources hosts Professional Day for faculty and staff where among other things issues of safety on campus are presented. Potential employees are informed on the hiring website about the location of the Annual Security Report for online review.

The Office of Student Development and the Office of Counseling Services, in association with the Public Safety Department bi-annually presents the Road Show. The Road Show is a presentation to faculty and staff about how to help keep a safe environment and the resources that are available to handle difficult situations.

POLICY ADDRESSING CRIME PREVENTION PROGRAMS FOR STUDENTS AND EMPLOYEES

The Clery and Public Safety Committee (CAPS) meets regularly to discuss policies, protocols, and procedures designed to help make the College community safer. CAPS subcommittees have been formed to involve additional members of the MassBay community to discuss and implement actionable public safety items.

The MassBay Department of Public Safety believes that through crime prevention and safety awareness education, community members are better prepared to prevent crime and to respond if crime does occur. There are many ways the Department of Public Safety embraces the principles of crime prevention. They include, but are not limited to:

• The College encourages students and employees to be aware of their responsibility for their own safety/security and the security of others. Officers invite all students, faculty and staff to make recommendations of programs or initiatives that could enhance campus safety.

• As part of their regular patrol duties, MassBay police and security officers inspect the lighting and other safety conditions of the campus facilities. If a problem is found, officers will send a work order to the Facilities Department.

• MassBay police officers work closely with the Offices of Student Development and Human Resources to ensure the community receives training and information on substance abuse.
• MassBay police officers present an overview of campus safety policies and procedures, student rights and responsibilities, Massachusetts General Laws, and personal safety at student orientation.
• MassBay policy prohibits the unlawful possession, use, or distribution of alcohol and controlled/illegal drugs by any member of the MassBay community. All community members are expected to fully comply with the College’s policies, and with state and federal laws. Any disciplinary action imposed by the College for violations of its drug or alcohol policies may be in addition to any penalty imposed by an off-campus authority. Both students and employees are subject to prosecution under applicable state and federal laws. MassBay Police Officers are generally responsible for the enforcement of alcohol and controlled/illegal drug laws on campus. Violations of the College’s drug and alcohol policies shall also be referred to the College’s Student Code of Conduct Officer.
• MassBay has many offices that offer education on alcohol and other drugs including the Department of Public Safety, the Office of Student Development, and Counseling Services.
• The College uses a collaborative approach, along with brochures, posters, and private counseling services, to educate community members about the dangers of alcohol and other drugs.
• The Public Safety Office offers escort for students, faculty and staff who may feel uncomfortable walking alone on campus.
• Emergency red telephones are located both on the Wellesley Hills campus and the Framingham campus, which can be used to obtain emergency assistance.
• The College utilizes an emergency notification system, which enables College officials to send students, faculty and staff voicemails, emails, and text messages with timely information within minutes.
• The Office of Information Technology has placed televisions in common areas in our buildings, which are also used to broadcast emergency messages.
• MassBay police officers encourage the wearing of MassBay ID cards as a means to identify visitors and/or strangers on campus.
• MassBay police officers may patrol the campuses on bicycles as a visible, efficient method of patrolling.
• MassBay police officers have the ability to review closed circuit televisions in public areas on the Wellesley Hills campus.
• MassBay police officers work with on campus event organizers to ensure proper security of large scale or controversial events, and those involving dignitaries.
• Employees of the Office of Student Development and student counselors offer peer trainings that address issues of personal safety.
• The Department of Public Safety has posted emergency phone numbers prominently throughout each campus.
• The College has a system whereby emergency announcements can be broadcast via overhead projectors in classrooms on campus.
• The campus emergency number system rings on the mobile radios MassBay police officers carry with them while on duty.
• Public Safety officers have routinely appeared and made presentations at college-wide events to inform the College community about resources available to them.
• The college has conducted Campus Security Authority (CSA) training.
• The college has contracted with Everfi, Inc., a national on-line training service to provide alcohol education and sexual violence programming for the college community.
• The Office of Counseling Services provides programming and outreach services within the College community on a variety of topics including domestic violence, sexual assault, and alcohol and other drug abuse.
• The Office of Counseling Services sends Email, hosts interactive workshops and informational displays across the campus.
POLICY ADDRESSING LIMITED VOLUNTARY CONFIDENTIAL REPORTING

It is the policy of the MassBay Department of Public Safety that all crimes be reported to the campus police. Anyone who is the victim or witness to a crime on campus is encouraged to promptly report the incident to the police. Crimes involving sexual violence shall be reported/referred to the College’s Title IX Coordinator and shall be addressed pursuant to the College’s Policy on Affirmative Action. Due to the sensitive nature of crimes involving sexual violence, victims may choose to confidentially report such crimes. While all Clery Act reportable crimes are accounted for in the annual crime statistics, no personal identifying information of a victim or accused will appear in the Annual Security Report.

MassBay police reports may be released as a public record under state law, and therefore, the Department of Public Safety cannot hold reports of crime in confidence indefinitely. All reported criminal incidents will be investigated. When appropriate, violations of the law or the Student Code of Conduct will be referred to Office of Student Development for review.

POLICY ADDRESSING COUNSELORS AND CONFIDENTIAL CRIME REPORTING

As a result of the negotiated rulemaking process which followed the signing into law of the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and campus “Professional Counselors” when acting as such are not considered to be a campus security authority and are not required to report crimes for inclusion in the annual disclosure of crime statistics. As a matter of procedure, the professional counselors at MassBay are encouraged to inform persons being counseled of the procedures to report crimes on a voluntary basis in order to maintain personal and public safety and for inclusion into the annual crime statistics.
POLICY ADDRESSING ALCOHOL AND OTHER DRUG POLICIES

MassBay policy prohibits the unlawful possession, use, or distribution of alcohol and controlled/illegal drugs by any member of the MassBay community. All community members are expected to fully comply with the College’s policies, and with state and federal laws. Any disciplinary action imposed by the College for violations of its drug or alcohol policies may be in addition to any penalty imposed by an off-campus authority. Both students and employees are subject to prosecution under applicable state and federal laws. MassBay Police Officers are generally responsible for the enforcement of alcohol and controlled/illegal drug laws on campus. Violations of the College’s drug and alcohol policies shall also be referred to the College’s Student Code of Conduct Officer.

MassBay has many offices that offer education on alcohol and other drugs including the Department of Public Safety, the Office of Student Development, and Counseling Services. The College uses a collaborative approach, along with brochures, posters, and private counseling services, to educate community members about the dangers of alcohol and other drugs. In accordance with the Drug-Free Schools & Communities Act Amendments of 1989, MassBay Community College annually provides its students and employees with the following information:

k. Unfounded Crimes Defined
An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.
I. Sexual Violence Defined

Sexual violence is defined under the “Definitions” section of this Policy and includes rape, acquaintance rape, sexual assault, stalking, domestic and dating violence.

m. Reporting Complaints of Sexual Violence

A victim of sexual violence has the right to file (or not file) an Affirmative Action Discrimination Complaint Form with the College. The process for filing a complaint is outlined under the Policy on Affirmative Action's Complaint Procedure. For more information or assistance with filing a complaint, please contact the College's Title IX Coordinator. If the Title IX Coordinator is the subject of a complaint, the President shall designate another College official to administer the Complaint Procedures. A victim may also choose to file a criminal complaint, in which case the Title IX Coordinator and/or Campus Police can assist the victim with that process. Reporting the incident to the Title IX Coordinator or Campus Police does not obligate the victim to file criminal charges.

n. College's Investigation

The College is obligated to investigate allegations of sexual violence, even if the alleged victim chooses not to file a formal complaint and/or participate in the investigation. Additionally, a complaint filed in another forum, including a criminal or civil complaint, shall not delay the College's investigation of a complaint of sexual violence. The College shall promptly and thoroughly investigate all such allegations in accordance with the Policy on Affirmative Action. The College may also institute protective measures, such as a no-trespass order, restricted access to campus, adjusted class or work schedule, or a leave of absence, during the investigative process and/or upon completion of the disciplinary process. A person found to have committed an act of sexual violence shall be subject to disciplinary action, up to and including suspension, expulsion or termination from the College, as well as criminal prosecution.

o. Victim Identification

Personal identifiable information about a victim will be treated as confidential and only shared with persons with a specific need to know and/or who are investigating and/or adjudicating the complaint, delivering resources or support services to the victim or as public safety requires. The College does not publish the names or other identifiable information of victims in the campus police department’s Daily Crime Log, in any Timely Warnings issued or online. In accordance with the Family Educational Rights and Privacy Act, a victim may request that no directory information maintained by the College be released absent his/her prior, written consent.

p. Protections for Victims of Sexual Violence

A person who is subjected to sexual violence shall:

- Be provided with a copy of the College’s Sexual Violence – Victim’s Rights and Information form;
- Have the right to, or not to, seek assistance from campus administration or campus law enforcement;
- Not be discouraged by College officials from reporting an incident to both on-campus and off-campus authorities;
- Be provided assistance in contacting local law enforcement if requested and have the full and prompt assistance and cooperation of campus personnel should a civil and/or criminal complaint be pursued;
- Be free from any suggestion that they somehow contributed to or had a shared responsibility in the violent act;
- Receive the same level of support at any proceeding before College officials as is permitted to the accused party, including the presence of a representative during any disciplinary proceeding and the right to be notified in a timely manner of the outcome of such proceedings and any appeal right available;
- Receive full and prompt cooperation from College personnel in obtaining and securing evidence (including medical evidence) necessary for any potential criminal proceedings;
• Have access to existing College counseling and medical professionals, victim support services, and to obtain referrals to off-campus counseling and support services if desired;
• Be permitted to attend classes, work and participate in College activities free from unwanted contact or proximity with the accused individual(s) insofar as the College is permitted and able;
• Be permitted to request changes to an academic schedule if such changes are requested by the alleged victim and are reasonably available; and
• Be informed of any no-contact or no-trespass orders issued to the accused by the College and the College’s commitment to honor any court-issued restraining or protective orders, to the extent permitted by law.

g. Recommended Procedures for a Victim of Sexual Violence

For a person subjected to an act of sexual violence, there can be time-sensitive decisions to make about sexually transmitted infections, pregnancy, and collecting physical evidence in the event of prosecution. Individuals who have been victims of sexual violence are advised as follows:

• Protect Yourself and Get Medical Attention – A victim should be advised to go to a safe place as soon as possible and seek medical attention immediately. Injuries and exposure to disease may not be immediately apparent. A medical examination can provide necessary treatment and collect important evidence. It is recommended that a physical exam be conducted within 72 hours of the violence. Submitting to a physical exam does not mean that a victim is required to press charges. This action merely preserves the option to do so. Designated College personnel can assist in providing transportation to the hospital.
• Preserve Evidence - It is important to preserve all physical evidence following an act of sexual violence. Physical evidence may be necessary in the event criminal prosecution is pursued. If possible, a victim should be advised not to wash, eat, drink, douche, clean, use the bathroom, or change clothes. If clothes are changed, all clothes that were worn at the time of the incident should not be cleaned and should be placed into an unused or a clean paper bag.
• Health and Support Services - Various health and support services are available on and off campus for students and employees who have experienced sexual violence. For information about such services, including counseling, please contact the Affirmative Action and/or Title IX Coordinator.

i. Mandatory Reporting Under State Law
Children (a person under the age of 18) may be students at the College, or may be engaged in activities sponsored by the College or by third-parties utilizing College facilities. In such instances, where an employee has reasonable cause to believe that a child is suffering physical or emotional injury, resulting from among other causes, sexual abuse, the employee and the College may be obligated to comply with the mandatory reporting requirements established at M.G.L. Chapter 119, Section 51A-E. In such cases, the employee is directed to immediately report the matter to the College’s Affirmative Action and/or Title IX Coordinator, who, in consultation with other officials, shall contact the Commonwealth’s Department of Children and Families and/or law enforcement. An employee may also contact local law enforcement authorities or the Department of Children and Families directly in cases of suspected abuse or neglect. State law also maintains mandatory reporting requirements for certain occupations where elderly and disabled abuse or neglect is suspected. For more information on these reporting requirements please contact the College’s Affirmative Action Officer.

Acts of sexual violence are subject to disciplinary action pursuant to the College’s Policy on Affirmative Action’s Complaint Procedure. The Complaint Procedure provides as follows:

COMPLAINT PROCEDURE
I. General Information
   a. Application of Policy

The complaint procedure is intended to provide a mechanism to investigate and where possible resolve complaints of alleged violations of this Policy against employees and students. The procedures outlined below are intended to ensure that the College will conduct an impartial, fair, effective, and efficient investigation of all allegations of discrimination without fear of retaliation. The complaint procedure is available to any employee or student who believes he/she has been discriminated against on the basis of a protected classification or retaliation. A complaint filed in another forum does not preclude a student or employee from filing a complaint under this Policy. Further, a complaint filed in another forum, including a criminal or civil complaint, shall not delay an investigation of a complaint filed under this Policy.
**b. Confidentiality of Process**

The complaint procedure will be conducted as confidentially as reasonably possible to protect the privacy rights of all individuals involved. The College may share information concerning the complaint with parties, witnesses and/or others during any phase of the procedure on a need-to-know basis and shall share information with union representatives as provided for in G.L.c.150E. All individuals with whom information is shared shall be advised of the confidential nature of the information and directed not to discuss the matter with anyone other than a personal advisor, if applicable.

**c. Complainant Requests Confidentiality**

Where a Complainant requests that no action be taken by the College or requests that her/his identity not be revealed, the College shall take reasonable steps to investigate and respond to the complaint, but shall inform the Complainant that such a request may hamper its ability to fully investigate an alleged violation of this Policy and/or to take appropriate remedial steps, including disciplinary action. Where an allegation includes the potential of an ongoing threat to the health, safety or security of the College or a potential adverse employment action, the Affirmative Action Officer shall inform the Complainant that it cannot ensure confidentiality and disclosure of their name may likely be required.

**d. Anonymous Complaints**

To the extent possible, the College is obliged to investigate and respond to anonymous complaints.

**e. Off Campus Behavior**

The College reserves the right to investigate alleged prohibited conduct under this Policy occurring off-campus when such conduct adversely affects the College Community, poses a threat of harm to the College Community; interferes with the College’s pursuit of its educational objectives and mission, and/or if a student or employee is charged with a serious violation of state or federal law.

**f. Interim Action**

The College reserves the right to suspend a student on an interim basis or place an employee on paid administrative leave prior to completing an investigation under this Policy when it reasonably concludes that a student or employee: (a) poses a threat to health or safety; (b) poses a threat to College property or equipment; (c) is disruptive or interferes with the normal operations of the College; or (d) is charged with a serious violation of state or federal law. In such cases, the College shall provide the employee or student of the specific reason(s) for the interim action. During a student’s interim suspension or an employee’s leave, the College reserves the right to prohibit the individual from entering upon the College’s property or participating in any College activities absent written authorization from an appropriate official of the College.

**g. Joint Investigation**

In some circumstances a Responding Party’s conduct may constitute a potential violation of this Policy and/or other conduct policies applicable to employees or students. In such cases, in order to avoid duplicative investigatory efforts, a joint investigation under this Policy may be conducted by the AAO and the administrator charged with enforcing conduct policies. For example, if the Responding Party is a student, the Affirmative Action Officer and Student Code of Conduct Officer may jointly investigate the complaint. Based on the findings of their joint investigation, the student may be subject to disciplinary action for violations of the Affirmative Action Policy and/or the Student Code of Conduct. Where the Responding Party is an employee, a joint investigation may be conducted by the Affirmative Action Officer and the employee’s supervisor. Based on the findings of their joint investigation, the employee may be subject to disciplinary action for violations of the Affirmative Action Policy and/or for inappropriate and unprofessional conduct.

**h. Collateral Rights of Employees**

Any disciplinary action taken against an employee shall be regarded as an administrative action subject to all terms and conditions of applicable collective bargaining agreements or personnel policies.

**i. Complaints of Sex Discrimination, Sexual Harassment or Sexual Violence**

The Title IX Coordinator shall have the responsibility for administering this Policy relative to complaints of sex discrimination, sexual harassment and sexual violence.
II. Complaint Procedure

The complaint process is comprised of two procedures - the informal procedure and the formal procedure.

a. Informal Procedure

Where appropriate, the parties to a dispute and/or the Affirmative Action Officer may attempt to reach an informal and prompt resolution of the potential complaint. Informal resolution is encouraged and any of the parties involved may request the intervention of the Affirmative Action Officer to assist in resolving the matter informally. An informal resolution is achieved through open dialogue between the parties that allows for the airing of any misunderstandings or disputed issues. The informal procedure shall not be used in an effort to resolve allegations of sexual harassment or sexual violence. Further, at no time shall a Responding Party question or confront a Complainant, or engage a third party to do so, as such conduct may constitute intimidation and/or retaliation, which are strictly prohibited under this Policy.

b. Formal Procedure

The following rules apply throughout all phases of the formal complaint process: (1) all parties to a complaint may have a personal advisor (for union employees this may be a union representative); (2) the role of a personal advisor is limited to providing discrete advice and counsel to the party; (3) the filing of a complaint under this Policy shall not preclude a Complainant from pursuing a complaint in a separate legal forum; (4) a complaint involving a grade dispute shall proceed under this Policy when a student alleges that a grade was improper because of discrimination, discriminatory harassment, sexual violence or retaliation; and (5) all findings reached under this procedure must be based on a “preponderance of evidence” (i.e.; more likely than not) standard.

At any point during the formal complaint procedure, either party may request mediation by contacting the Affirmative Action Officer. The purpose of mediation is to resolve the dispute to the satisfaction of both parties. Mediation shall be mutually agreed upon by the parties. The Affirmative Action Officer, or designee, shall select an impartial mediator, who shall be mutually agreed upon and not unreasonably refused by either party, and inform the parties in writing of the mediation process and schedule. The mediator must have training or experience in mediating matters subject to this complaint process. Where practicable, a mediation session shall be conducted no later than thirty (30) days after agreed to by the parties. The timelines presented under the Complaint Procedure shall be tolled pending the outcome of mediation. If mediation is successful in resolving the complaint, the Affirmative Action Officer shall reduce to writing the terms of the mediated resolution, which shall be signed by the parties. The mediation process shall not be used in an effort to resolve allegations of sexual harassment or sexual violence. If mediation does not result in a resolution, all mediation discussions shall remain confidential and may not be used or introduced in this process or any other forum.
Step 1 - Affirmative Action Officer Investigation

When a Complainant believes that he/she has been discriminated against because of his/her race, color, religion, national origin, sex, age, disability, sexual orientation, gender identity, genetic information, veteran status, maternity leave and/or subjected to sexual harassment, sexual violence, or retaliation, the Complainant may file a formal written complaint in writing with the Affirmative Action Officer. For student Complainants, a formal complaint may be filed within thirty (30) days following the end of the instructional period when the Complainant knew or should have known of the grievable act. For employee Complainants, a formal complaint may be filed within thirty (30) days from when the Complainant knew or should have known of the grievable act. The complaint shall contain a statement of all known facts pertaining to the alleged violation and shall be filed preferably on the Affirmative Action Discrimination Complaint Form (see Appendix A), which shall be available from the Affirmative Action Officer. If a student is involved, the Affirmative Action Officer shall notify the Vice President or Dean of Student Services.

During Step 1, the Affirmative Action Officer has the authority to seek to resolve the complaint through an administrative remedy. If the parties accept the administrative remedy proposed, its terms shall be reduced to writing, signed by both parties and the Affirmative Action Officer shall retain the document, with copies to the parties. Thereafter, the matter shall be considered resolved between the parties.

Upon receiving a written complaint, the Affirmative Action Officer will notify the Responding Party in writing, of the complaint (see Appendix B), and provide the Responding Party with a copy thereof. The timeliness of such notification shall be in accordance with the appropriate collective bargaining agreement, if applicable. The Responding Party shall have ten (10) days from receipt of notice to submit to the Affirmative Action Officer a written response to the complaint.

Where practicable, within thirty (30) days from the date the Respondent's written response is received, or the date it was due if none was submitted, the Affirmative Action Officer shall conduct an investigation and prepare and issue a Report of Preliminary Findings to the parties. The investigation shall include, but is not limited to, an analysis of the allegations and defenses presented, consideration of all relevant documents, including materials presented by the parties, interviews of the parties and other individuals and/or witnesses, and/or reviewing certain documents or materials in the possession of either party that the Affirmative Action Officer has deemed relevant to the complaint. The Affirmative Action Officer’s report shall specify the investigation undertaken and summarize his/her preliminary findings. The report shall be delivered to the parties in hand or by certified mail. If the investigation is not completed within thirty (30) days, status updates shall be provided to the parties every thirty (30) days until its completion.

Thereafter, the parties will have ten (10) days from the date of their receipt of the Report of Preliminary Findings to submit Rebuttal Statements to the Affirmative Action Officer. The parties may present no new allegations at that time. Where practicable, within seven (7) days of receiving the parties’ Rebuttal Statements, the Affirmative Action Officer shall review the rebuttal Statements and prepare and submit a Report of Final Findings and Recommendations to the President’s Designee for consideration.
Step 2 – Review and Decision by the President's Designee
Where practicable, within ten (10) days of receipt of the Affirmative Action Officer’s Report of Final Findings and Recommendations, the President’s Designee shall issue a written decision to the parties. The written decision shall accept, reject or modify the Affirmative Action Officer’s Final Findings and Recommendations. The Designee’s written decision shall be delivered in hand or by certified mail and shall include the Report of Final Findings and Recommendations. If the President is the Responding Party in an Affirmative Action Complaint, then the Chair of the College’s Board of Trustees shall designate a Board member(s) as Designee to administer Step 2 of the Complaint Process.

Step 3 – Appeal to President
A party who is not satisfied with the Designee's written decision may file an appeal with the President within five (5) days of receiving the Designee’s decision. Where practicable, within five (5) days of receiving the appeal, the President shall issue a written decision accepting, rejecting or modifying the Designee’s decision. The President’s decision is final provided that any corrective action and/or discipline imposed is subject to applicable collective bargaining agreements.

If the President is the Responding Party in an Affirmative Action Complaint, then the Chair of the College's Board of Trustees shall consider the appeal and issue the written decision.

The college has contracted with Everfi, Inc., a national on-line training service to provide sexual violence programming for the college community.

The MassBay Department of Public Safety strongly advocates that a victim of sexual violence report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

Filing a police report will:
• Ensure that a victim of sexual assault receives the necessary medical treatment and tests at no expense to the victim.
• Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, use the toilet, or change clothing prior to a medical/legal exam).
• Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The Massachusetts Department of Public Health specially trains, certifies and supports registered nurses and physicians to provide quality care and forensic evidence collection to sexual assault survivors. Victims/survivors of sexual assault are encouraged to go their local hospital as soon as possible, before showering. The hospital closest to the Wellesley Hills campus is the Newton-Wellesley Hospital. The hospital closest to the Framingham campus is the MetroWest Medical Center. The hospital closest to the Ashland Technology Center is MetroWest Medical Center.

For optimal evidence collection, exams should be performed within 72 hours of the assault.

POLICY ADDRESSING SEX OFFENDER REGISTRATION

The federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The Act also requires registered sex offenders to notify appropriate state officials of each institution of higher education in that state at which the offender is employed, carries on a vocation, or is a student.

How to Inquire

Members of the MassBay Community College community may request information about sex offenders in Massachusetts at the Massachusetts Sex Offender Registry Board:
Telephone: (978) 740-6400 or www.state.ma.us/sorb.

Penalties for Improper Use of Sex Offender Registry Information

Information contained in the Sex Offender Registry shall not be used to commit a crime against an offender or to engage in illegal discrimination or harassment of an offender. Any person who improperly uses Sex Offender Registry information shall be shall be punished by a fine of not more than $5,000 or by imprisonment in a jail or house of correction for not more than 1 year, or by both such fine and imprisonment.

POLICY ADDRESSING DISCLOSURES TO ALLEGED VICTIMS OF CRIMES OF VIOLENCE OR NON-FORCIBLE SEX OFFENSES

The College will, upon written request, disclose to the alleged victim of any crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim of such crime or offense is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this disclosure. Disclosure of this information shall not violate the Family Educational Rights and Privacy Act pursuant to 34 CFR § 99.31(a)(14).

POLICY ADDRESSING ISSUING TIMELY WARNINGS

The College shall alert the campus community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes. As the purpose of a warning regarding a criminal incident(s) is to enable people to protect themselves, a warning will be issued as soon as pertinent information is available. If it has been confirmed that a situation arises either on campus or in surrounding locations and the situation represents an ongoing or continuing threat to safety of students and employees, a Timely Warning will be issued.

The decision to issue a Timely Warning is dependent on the facts surrounding an incident, including the nature of the incident/crime, the continuing threat to the campus community, and the possible risk of compromising law enforcement efforts. Therefore, all incidents that may constitute a continuing threat to the campus community must be reported to the Public Safety Department. The processes MassBay Community College will use to confirm an ongoing or continuing threat is as follows:

Issuing Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Campus Police, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college email system to students, faculty, staff.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Office of Public Safety may also post a notice on the campus-wide electronic bulletin board on the college web site at www.massbay.edu providing the college community with more immediate notification.

Anyone with information warranting a timely warning should report the circumstances to the Campus Police office, by phone (781) 239-2222.

• Members of the campus community, faculty, staff or the general public may report the significant emergency or potentially dangerous situation to the Public Safety Department via red on-campus telephones that are positioned in prominent interior and exterior locations.
via a standard hardline phone or cell phone. It then becomes the responsibility of the Public Safety Department to confirm that a significant emergency or potentially dangerous situation is in progress. Should the incident require additional resources, the Public Safety Department will immediately notify local, state or other law enforcement agencies depending on the nature of the incident.

- If a member of the Public Safety Department confirms that there is an ongoing or continuing threat to the campus community, MassBay will take into account the safety of the campus community, immediately determine what information should be released about the incident, and begin the notification process. The only reason the College would not issue a notification for a confirmed emergency or dangerous situation is if doing so would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency. Should these consequences not be present, once confirmation of the ongoing or continuing threat to the campus community is established, a member of the Department of Public Safety will without delay authorize the issuance of a timely warning to notify the community. It is the policy of the College to issue Timely Warnings that contain pertinent information that is immediately known, and then issue subsequent Timely Warnings as the incident evolves.

The College will use one, or a combination of, the following to issue a Timely Warning: email distribution; campus mail and various campus publications; posted signage; verbal notifications; text messages; phone calls; scrolled messages on classroom overhead projectors or on computer and in-house television screens; pop-up messages on the College website; messages to the College’s social media platforms; and/or the MassBay emergency notification system. A fire alarm system has been installed on the Wellesley Hills campus that has broadcast capability.

Members of the Public Safety Department will work directly with the Director of Marketing to determine what information should be included and, when appropriate, if the population that will receive the message will be segmented (if, for example, the threat is contained to a particular building or campus). Timely warnings will provide information about the nature of the incident; suggested precautions people should take, and, if necessary, notice that additional information will be forthcoming when available. On occasion, Timely Warnings will ask members of the community for their help in gathering information about an incident or identifying those responsible. You can contact the Public Safety Department by calling their on-campus emergency line at (781) 239-2222, or the non-emergency line at (781) 239-2699.

In the event the Director of Marketing is unavailable, the following members of the College’s Clery and Public Safety Committee have been trained and are responsible for sending Timely Warnings: Vice President for Finance, & Administration, Director of Human Resources, Vice President for Enrollment Management, VP Dean of Students, and Director of Counseling.

In order to disseminate emergency information to the larger community, the Director of Marketing, or a member of the Marketing Department staff, will post information to the College’s social media platforms, on the MassBay website (www.massbay.edu) and will send information to local media outlets via email.

MassBay campus-wide Timely Warnings are disseminated with the goal of notifying as many people as possible as rapidly as possible. These Warnings are sent to individuals who subscribe to MassBay’s emergency notification system.

MassBay Community College has implemented an “opt-out” system for the emergency notification system. All students, faculty and staff will receive these notices via contact information gathered from PeopleSoft, the College’s information data warehouse. Students, faculty and staff are encouraged to visit their PeopleSoft account to ensure the contact information the College is using is the most up-to-date and effective method to contact members of the campus community in the event of an emergency. Students receive information on the emergency notification system during orientation sessions, and when they register for classes.
EMERGENCY RESPONSE AND EVACUATION PROCEDURES STATEMENT

The College’s Emergency Procedure Manual includes information about Shelter in place and evacuation guidelines.

College Departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The College conducts numerous emergency response exercises each year, such as table top exercises, field exercises, and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. MassBay Police officers and supervisors have received training in Incident Command and Responding to Critical Incidents on Campus. When a serious incident occurs that causes an Immediate threat to the campus, the first responders to the scene are usually the MBCC Police.

Each year, through various outlets, members of the MassBay community are notified that safety and security are everyone’s responsibility, and that they should notify the Department of Public Safety of any situation or incident on campus that involves a significant emergency or dangerous situation which may involve an immediate or on-going threat to the health and safety of students and/or employees on campus. The Department of Public Safety has a responsibility to act on such incidents and determine if the situation does in fact pose a threat to the community. Once a report is received, a MassBay police officer will determine if an actual emergency is taking place on campus. If that is the case, a MassBay police officer will then summon the necessary resources to mitigate, investigate and document any significant emergency or dangerous situation. Depending on the type of threat, officials from other departments on campus may be consulted, including Facilities, the Dean of Students, or Human Resources. In addition, as per the federal law requirement that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation, the College will disseminate the appropriate notification.

The Director of Public Safety, or his designee, will initiate emergency notification to the community utilizing some or all of the available communications systems; or to the appropriate segment of the community if the threat is limited to a particular campus, building, or segment of the population. The College will, without delay, and taking into account for the safety of the community, determine the content of the notification and initiate its notification system, unless issuing the notification will, in the judgment of members of the Department of Public Safety, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The Director of Public Safety or his designee will be responsible for sending out the emergency notification unless the crisis requires his assistance. If that is the case, then the Director or his designee will notify the Associate Vice President for Marketing, or another member of the College’s Clery and Public Safety (CAPS) Committee. All CAPS Committee members are trained and empowered to initiate the notification. The College has selected the Blackboard Connect platform as its emergency messaging system and has implemented an “opt out” policy as noted above.

The College will conduct regularly scheduled drills, exercises, and appropriate follow through activities designed for assessment and evaluation of emergency plans and capabilities. A test of the emergency notification system and announced or unannounced evacuation drills will occur on an annual basis.

The College also reviews major incidents with key stakeholders after they have occurred to discuss lessons learned and best practices. The purpose of this type of after-action planning is to promote education and awareness of emergency procedures as well as discover areas for improvement. General information about emergency response will be publicized each year in the Annual Security Report and through education campaigns held around the time of the evacuation drills.

POLICY ADDRESSING PREPARATION OF DISCLOSURE OF CRIME STATISTICS

As required by federal law, MassBay's Department of Public Safety yearly crime statistics for this report are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the Federal Bureau of Investigation for use in the Uniform Crime Reporting system. The Report includes statistics for the previous three years concerning reported crimes that occurred in three geographic locations to the Department of Public Safety and other campus authorities including, but not limited to, the Office of Student Development, and the police departments of Wellesley, Framingham and Ashland. In addition, these statistics include persons referred for campus disciplinary action for categories required under the Clery Act, including liquor and drug law violations and illegal weapons possession. Crime statistics reported from public property within or immediately adjacent to and accessible from the campus are collected or requested from the Wellesley, Framingham, and Ashland police departments. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year during which the crime was reported.

The crime statistics tables located at the end of this Report are reflective of the requirements mandated by federal law for compiling this report which became effective July 1, 2000.

The Annual Security Report is prepared by a collaborative of the MassBay Public Safety Department and the Clery and Public Safety Committee.

The following statistics are published in accordance with the standards and guidelines Used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the federal Clery Act.

• For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

CLERY DEFINED GEOGRAPHIC LOCATION DEFINITIONS

On-Campus Property: On-Campus property encompasses any building or property that is owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes.

Residential Facilities: The College does not maintain any residential facilities.

Public Property: Public property encompasses all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent and accessible from the campus.

Non-campus Property: MassBay does not have any non-campus property. Non-campus property is defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Specific Information about Classifying Crime Statistics: The number of victims involved in a particular incident is indicated for the following crime classifications: murder/non-negligent manslaughter, negligent manslaughter, forcible and non-forcible sex offenses, and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): robbery, burglary, larceny, and arson. For example, if five students are walking across campus together and they are robbed, this would count as one robbery in the crime statistics chart.

In cases of motor vehicle theft, each vehicle stolen is counted. In cases involving liquor law, drug law, and illegal weapons violations, each person who was arrested is indicated in the arrest statistics. If an arrest includes offenses for multiple liquor or drug law violations, it is only counted as a drug law violation as that is the more egregious offense.

The statistics captured under the “Referred for Disciplinary Action” section for liquor law, drug law, and illegal weapons violations indicate the number of people who are referred to the College’s judicial system.
Hate crime statistics are separated by their category of prejudice. Statistics for hate crimes are counted in each specific Clery Act reportable crime category and therefore, are part of the overall statistics reported for each year. In addition to reporting hate crimes for the general Clery Act definitions, hate crimes must be disclosed for larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property. The law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance document.
