MASSACHUSETTS BAY COMMUNITY COLLEGE
57 STANLEY AVENUE
WATERTOWN, MASSACHUSETTS

DEDICATION . . .

An able administrator, an effective advisor, his interest in the college and the students is unsurpassed. He is always ready to help, to understand, to help us to understand. Aware of our troubles and successes, he is always there to sympathize, or to applaud. Our contact with the "inner sanctum", he has kept us informed of any and all happenings through his frequent news bulletins. We, the class of 1967, are proud to dedicate our yearbook, the *GREENYEARS*, to Dean Verne C. Edmunds.

Dear Members of the Class of 1967:

The Class of 1967 is the fifth class to graduate from this College. Even in this short time there are traditions and precedents for you to uphold and perpetuate. We who remain at the College expect you to settle for nothing less than excellence, to be living examples of dignity, and to practice integrity. These are the ideals for which your College stands, and as alumni you are the ones who shape our reputation beyond the campus.

You leave with us memories of things we have done together, some of which have been fun and some of which have been work. For the faculty and staff, these experiences have yielded many satisfactions; we hope they have been equally rewarding and satisfying for you.

It is in your hands to represent us in the various communities of which you will now become a part. You came to us as young people with potential. You leave us as those who cross the threshold into manhood and womanhood. There is spread before you a world of privilege, opportunity, and responsibility - and this world is yours!

The faculty and staff join me in wishing for you a professional and personal life that will be both stimulating and satisfying. "Au revoir" and good luck.

Sincerely,

John F. Mc Kenzie

THE COLLEGE ...

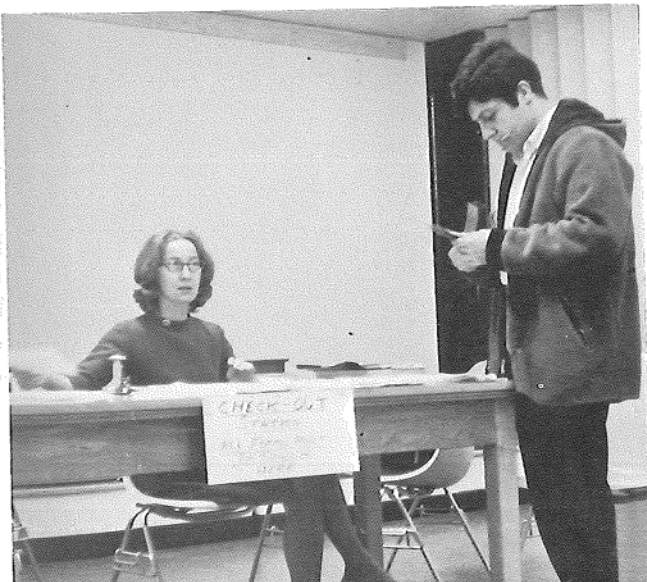

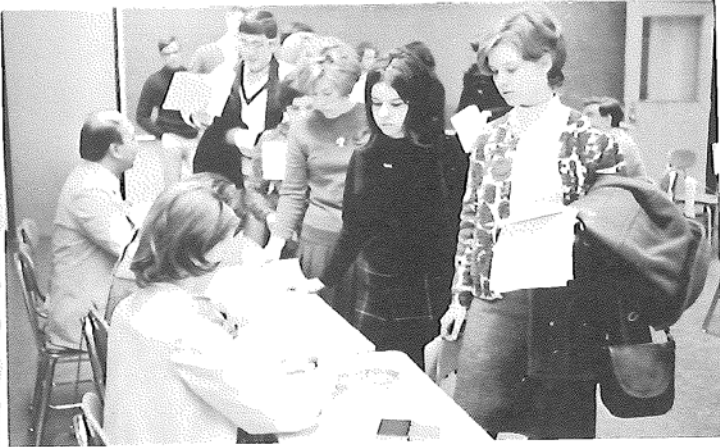

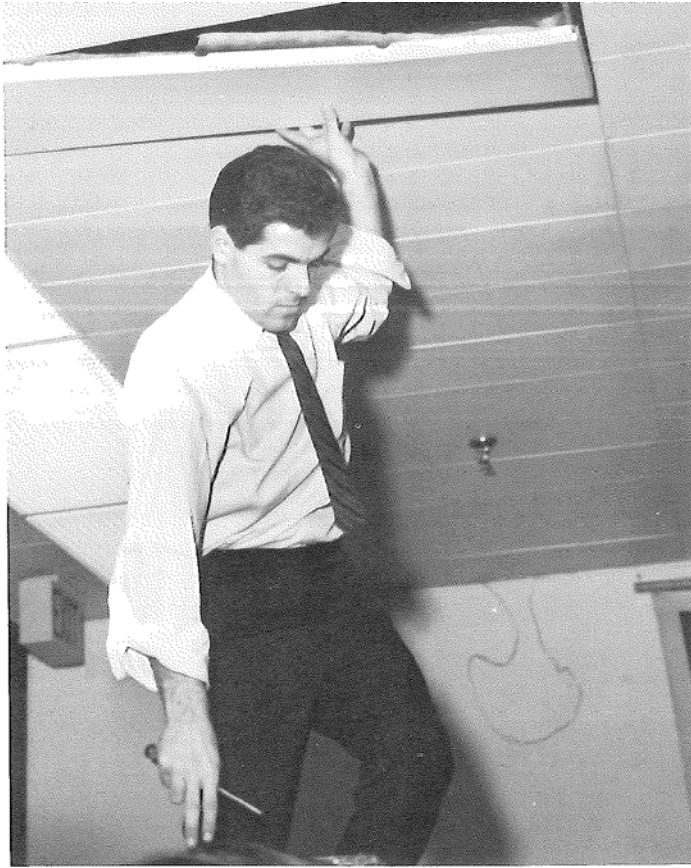

*A new year begins in
reunion and comradship*

new faces and old

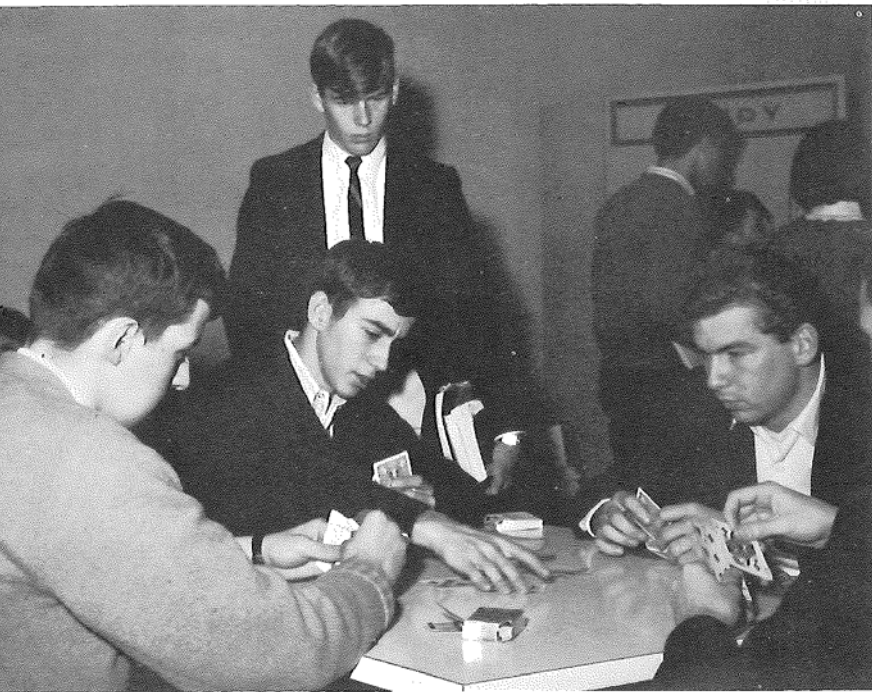

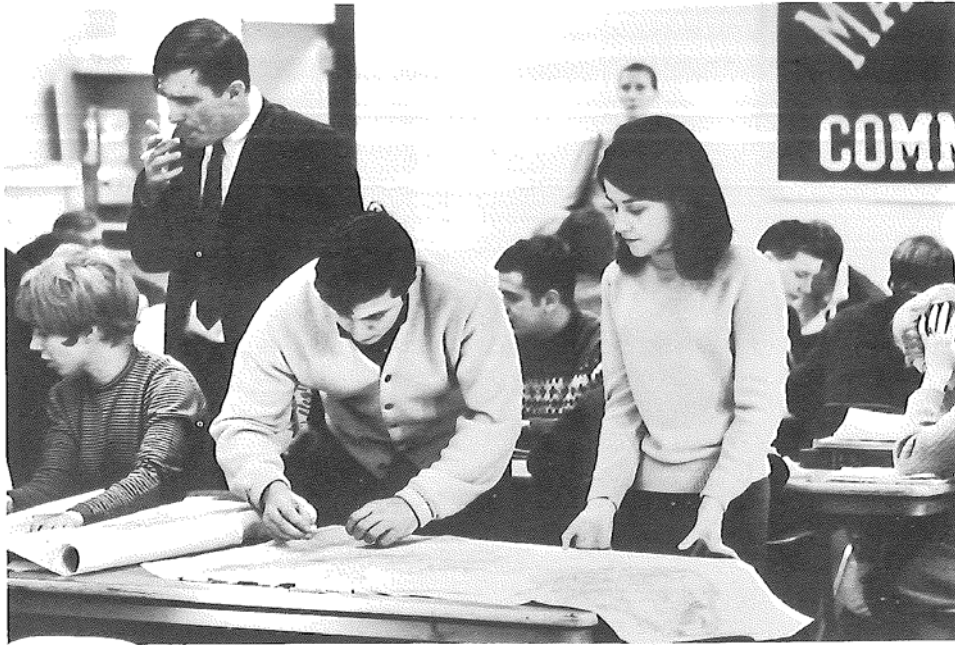

a year to become alive, to join,

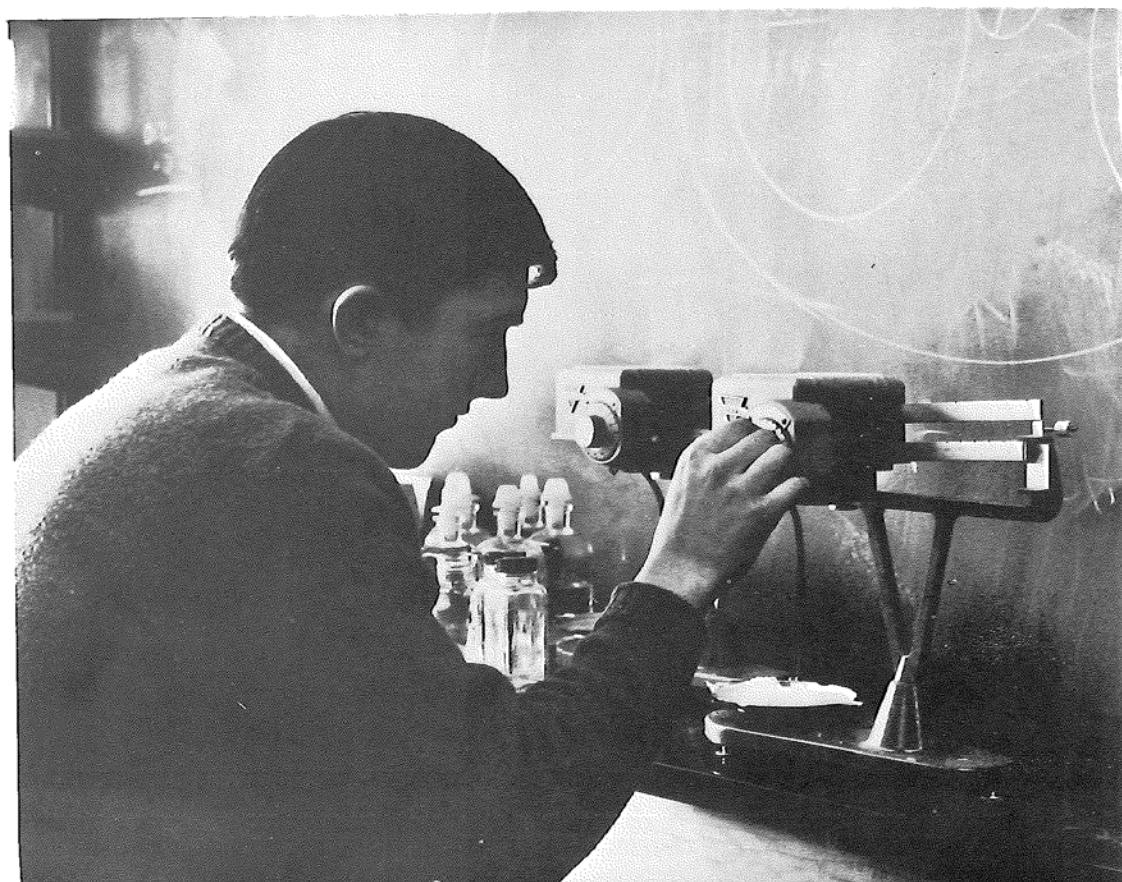

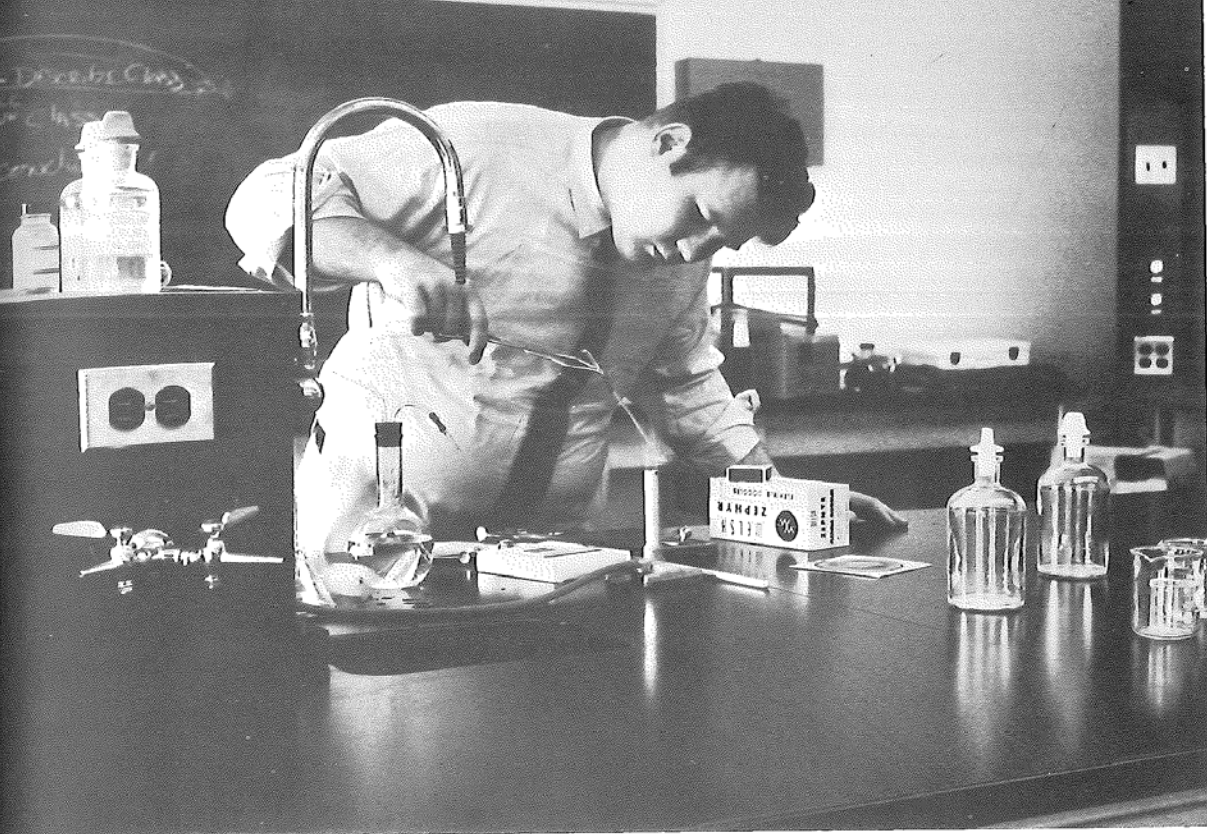

to grow and change

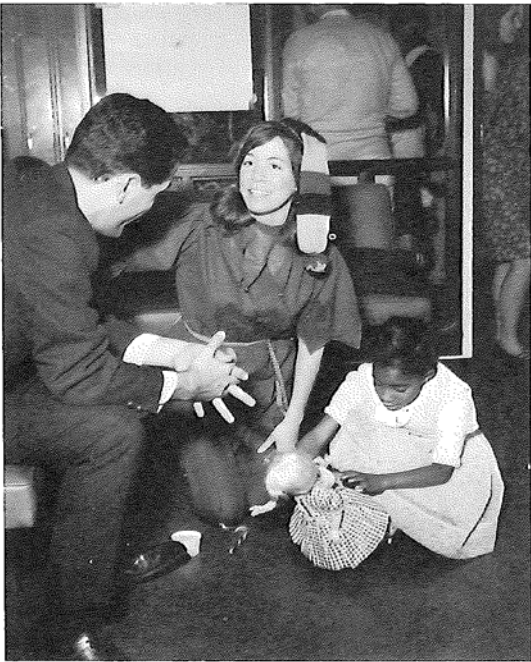

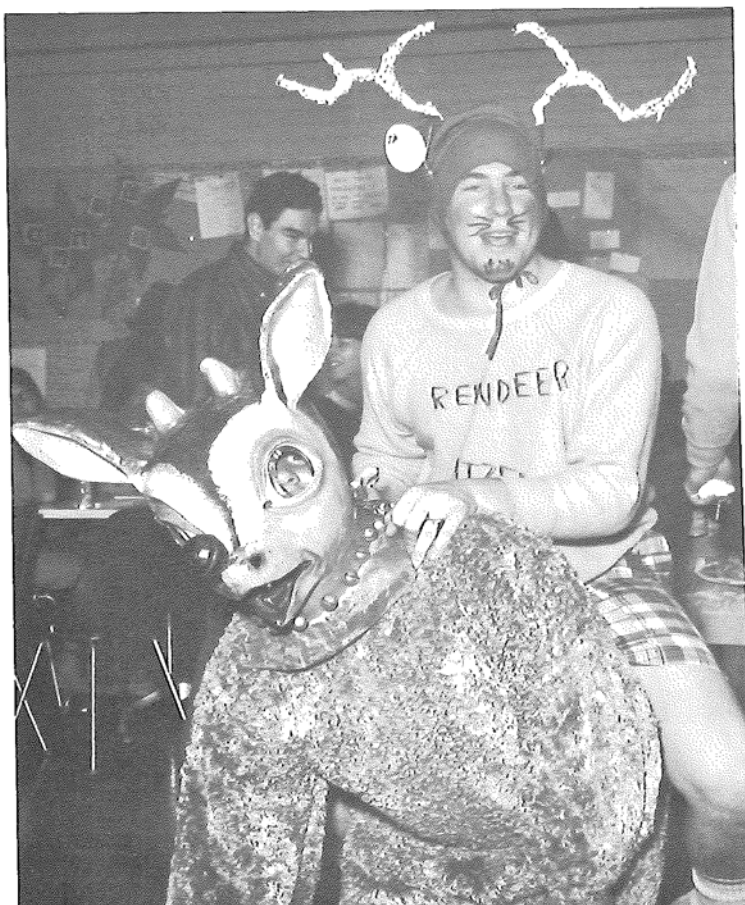

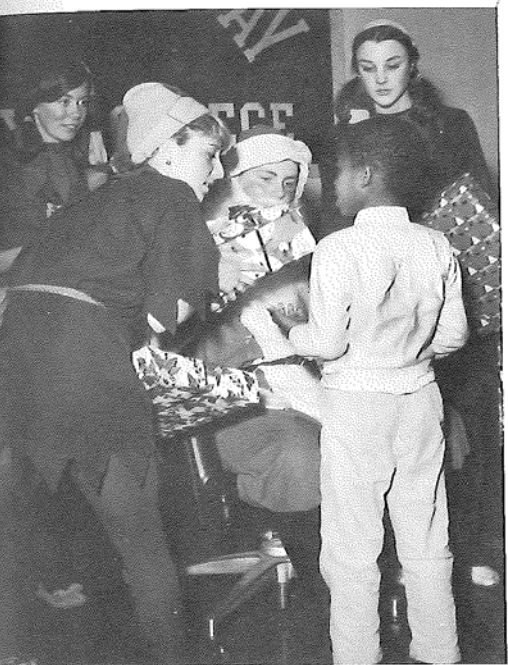

to study and play

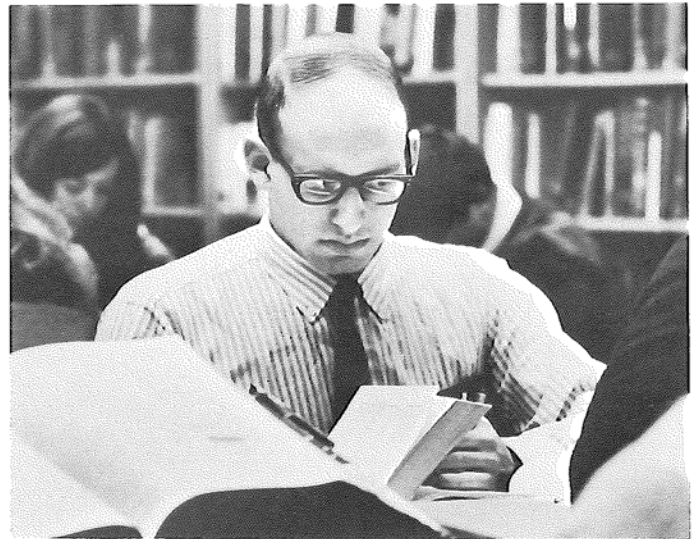

learning can come in strange ways

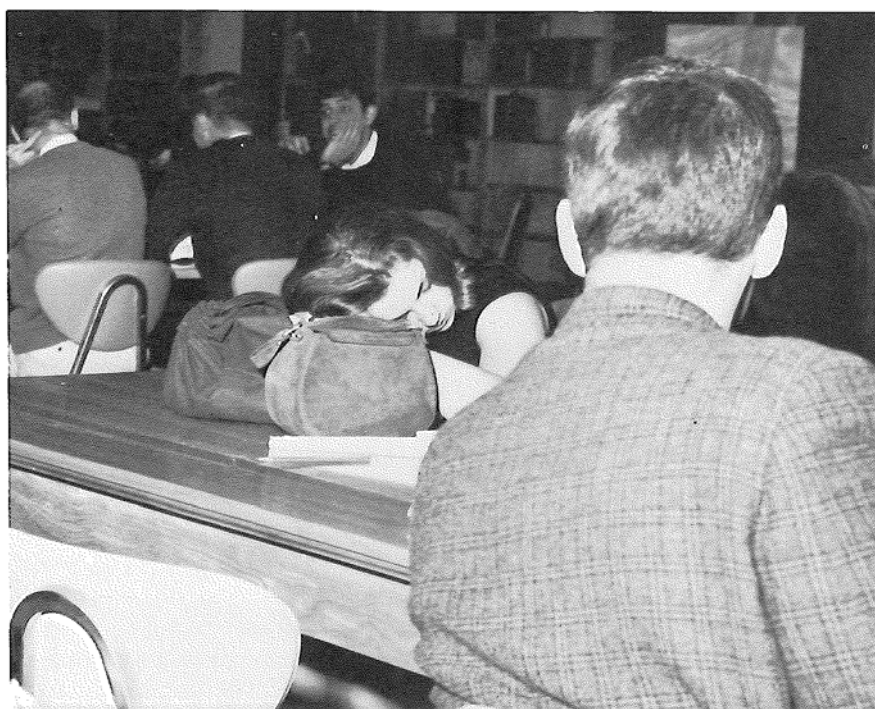

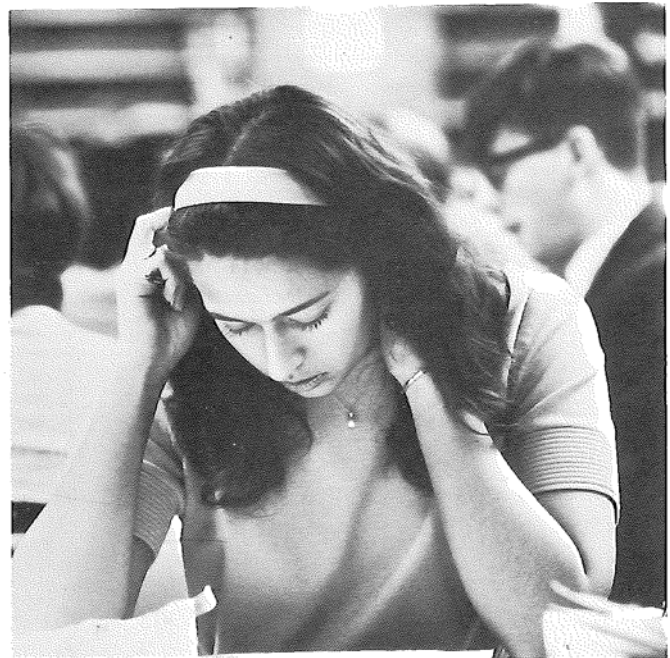

a new sense of responsibility arises

and then--THE TEST

O-h-h-h, those finals!

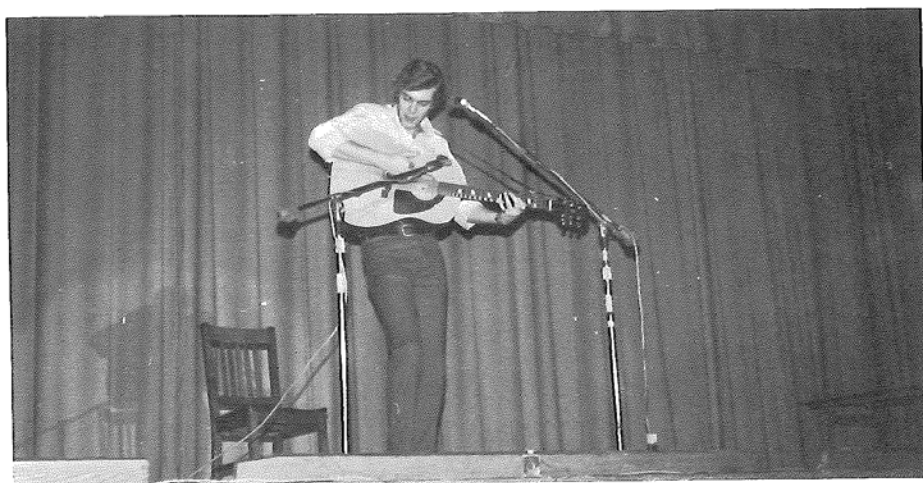

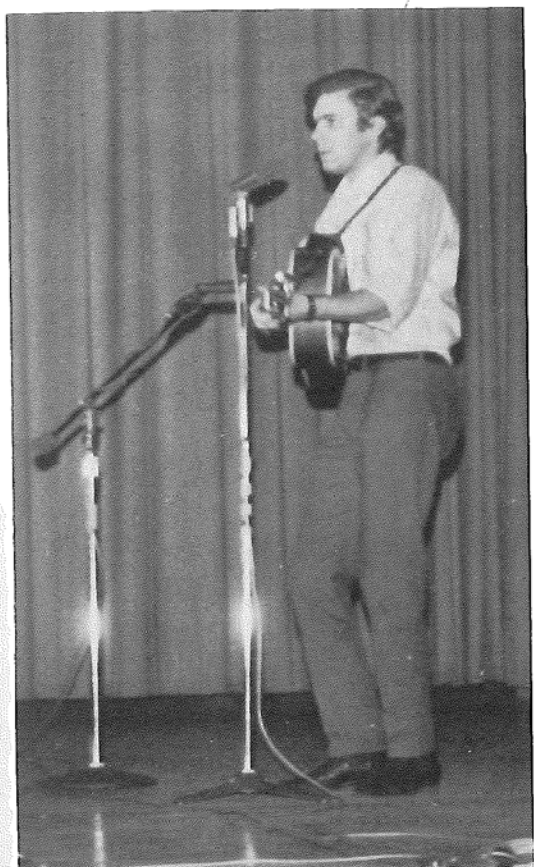

YEAH!

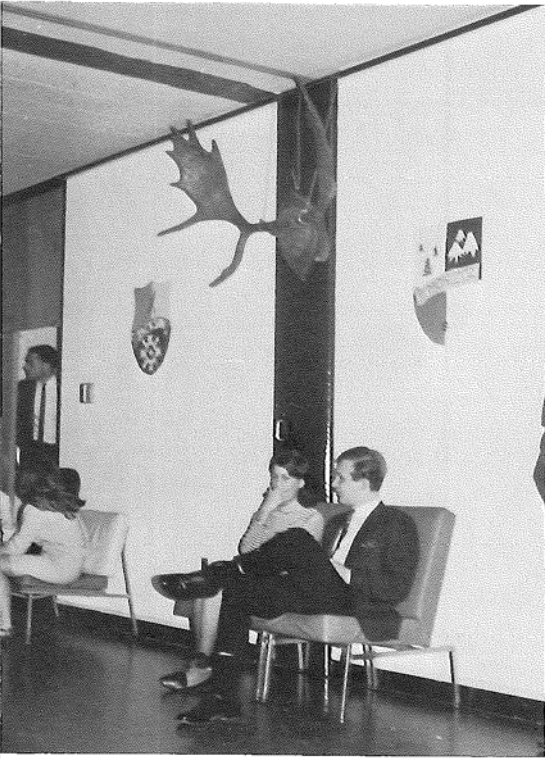

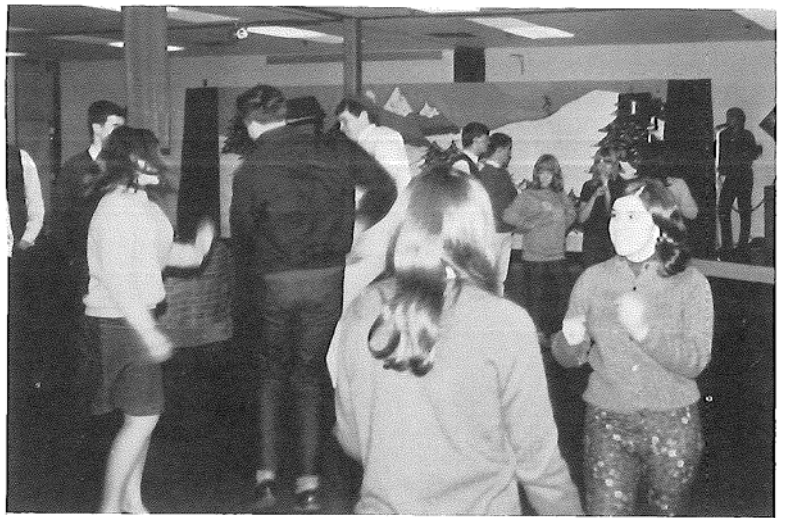

*which leads to the
fun of Winter Carnival*

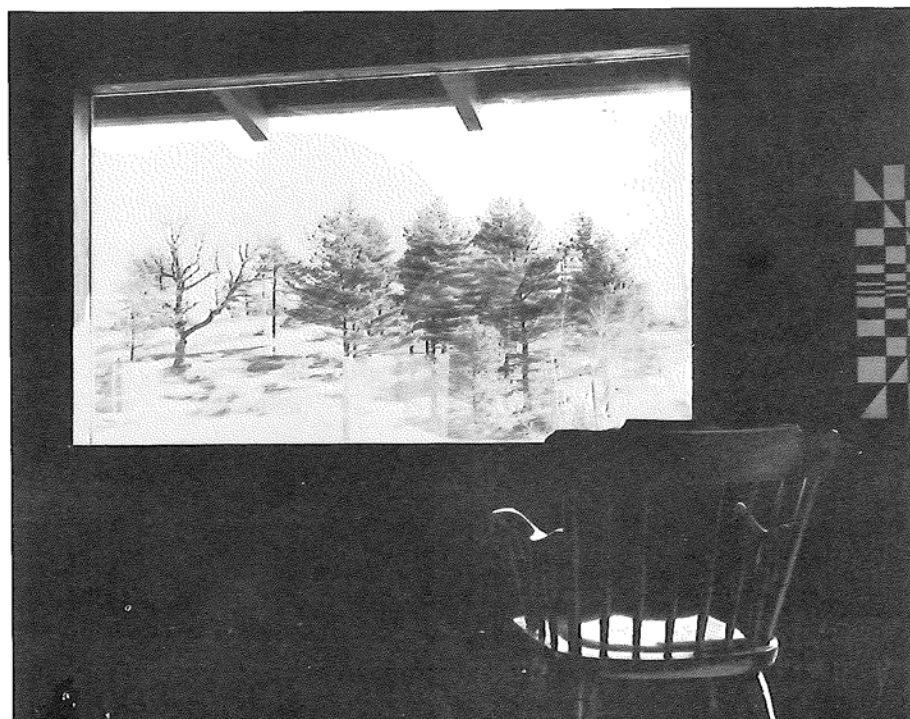

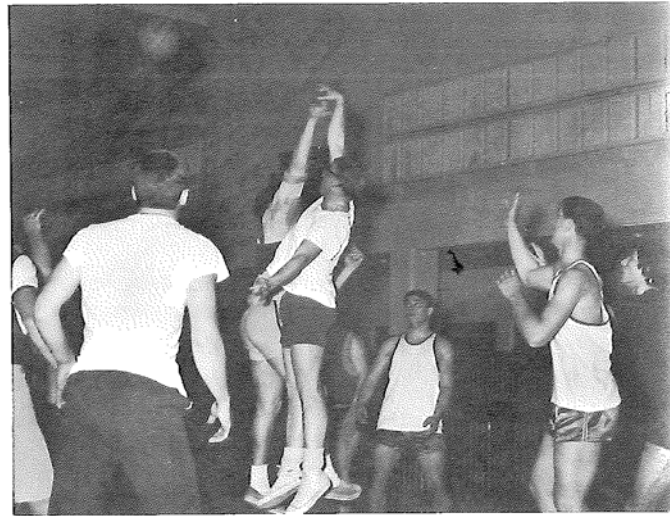

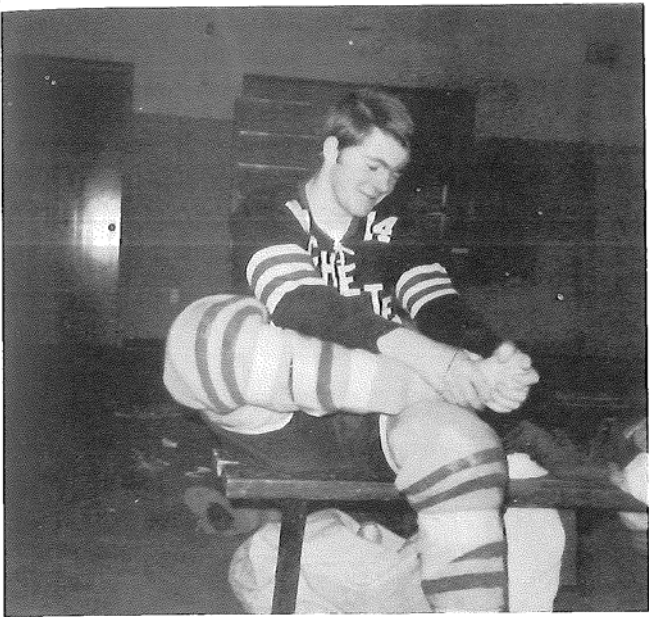

ski trip!?

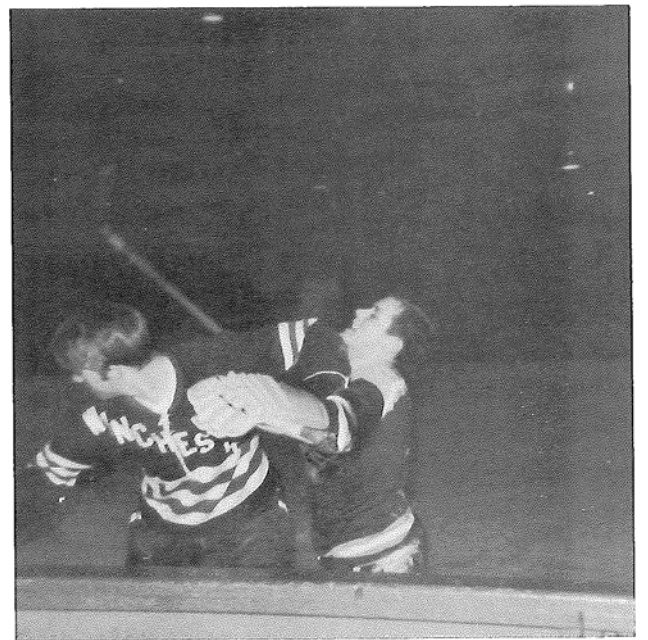

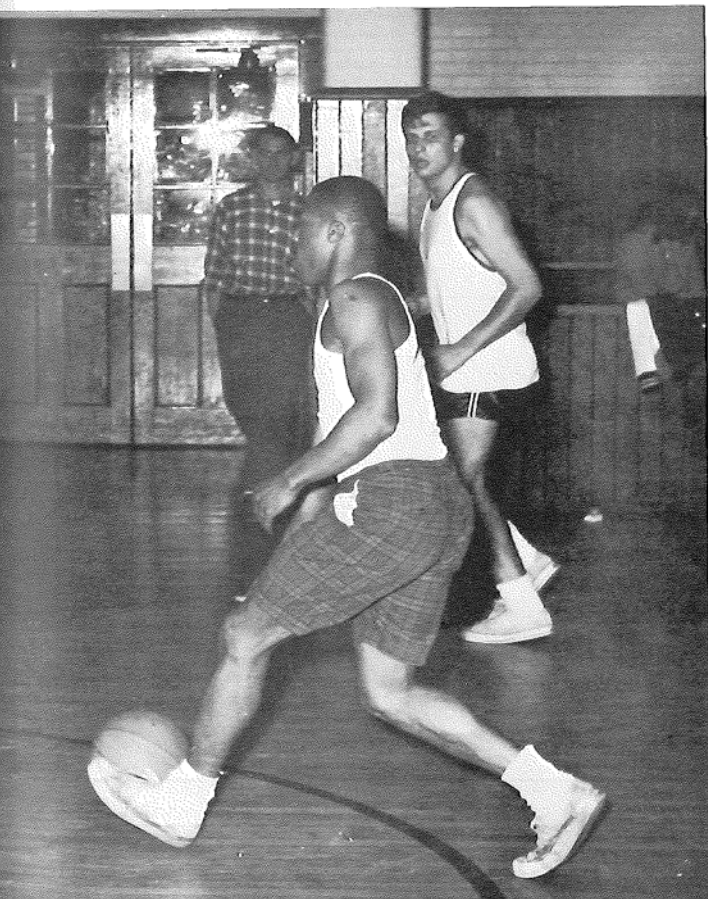

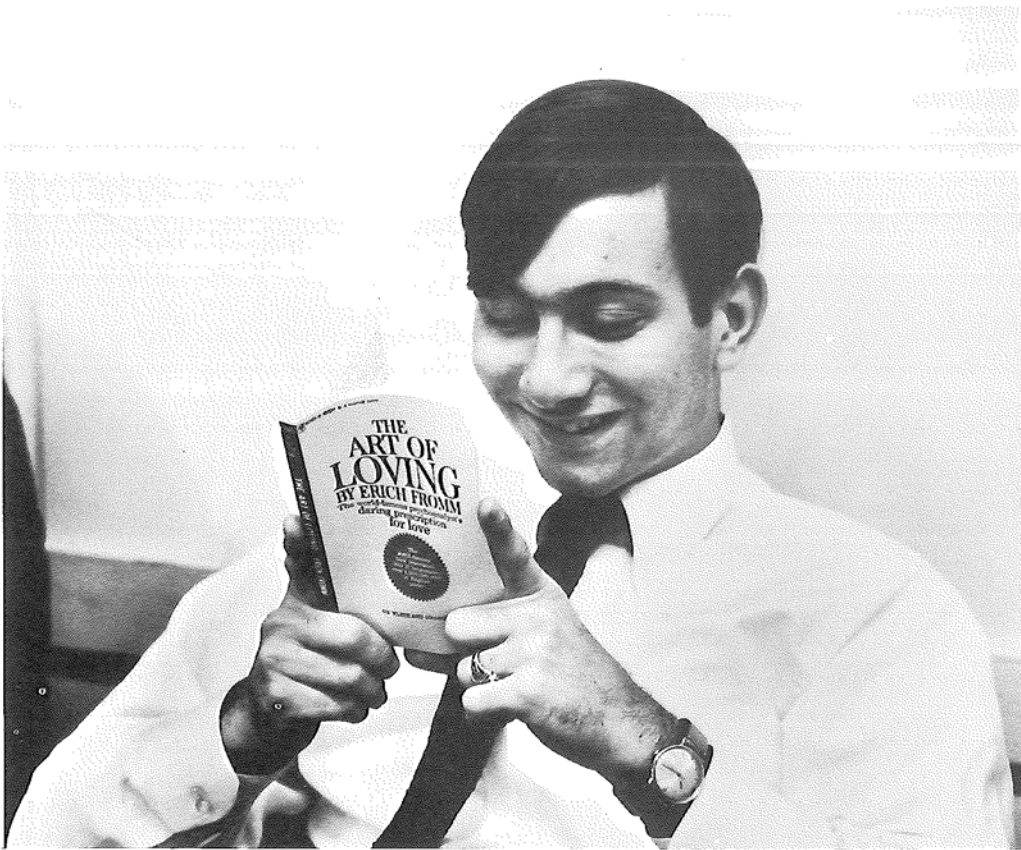

then came the snow

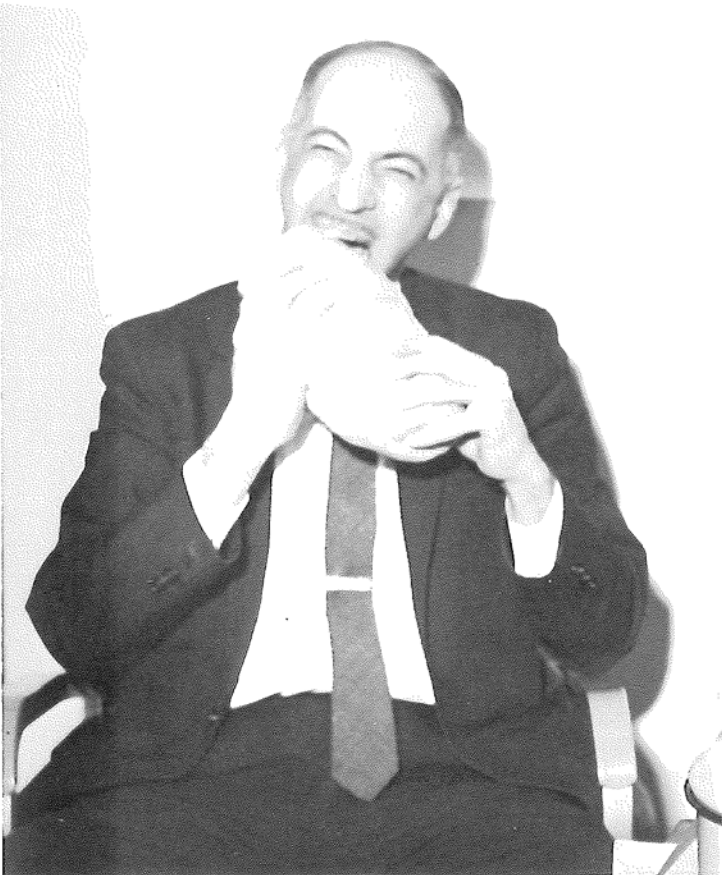

and winter sports

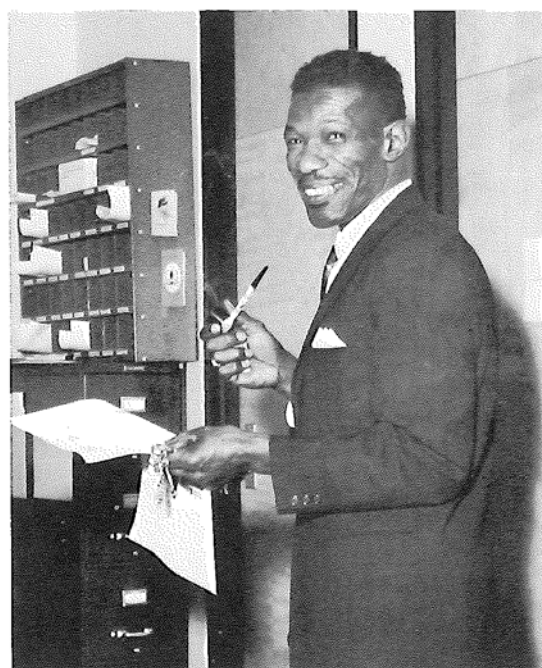

*Man is the only animal who eats
when he is not hungry, drinks when
he is not thirsty, and makes love
during all four seasons.*

Hey, I don't see a parking space, do you?

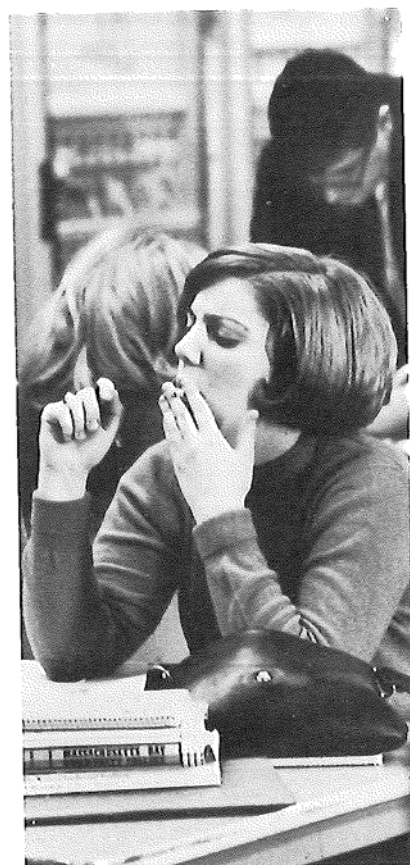

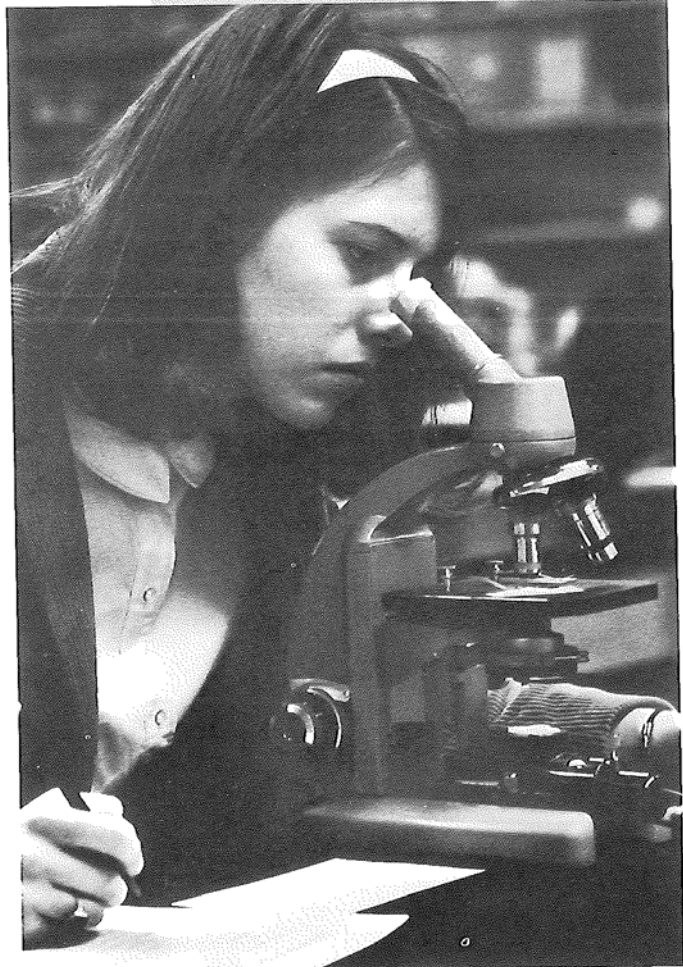

*with the familiar
there is the unusual*

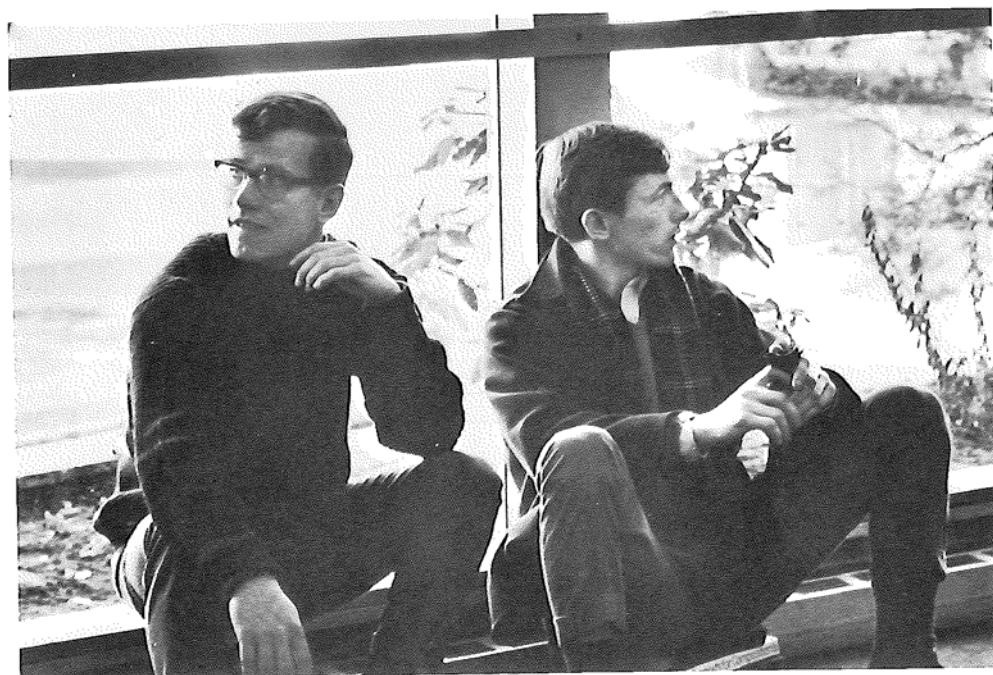

No, Louie isn't here today.

times of friendship and spirit

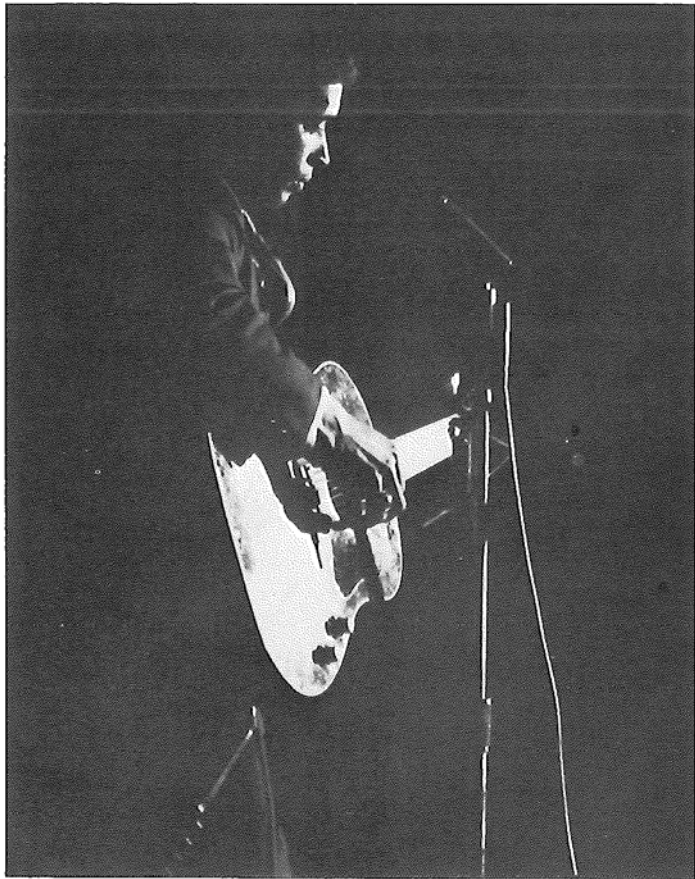

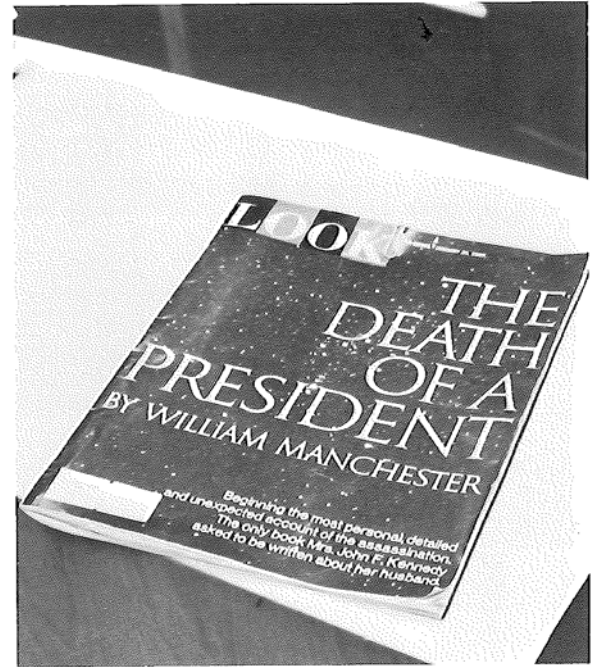

*and the never ending cycle of study
and relaxation*

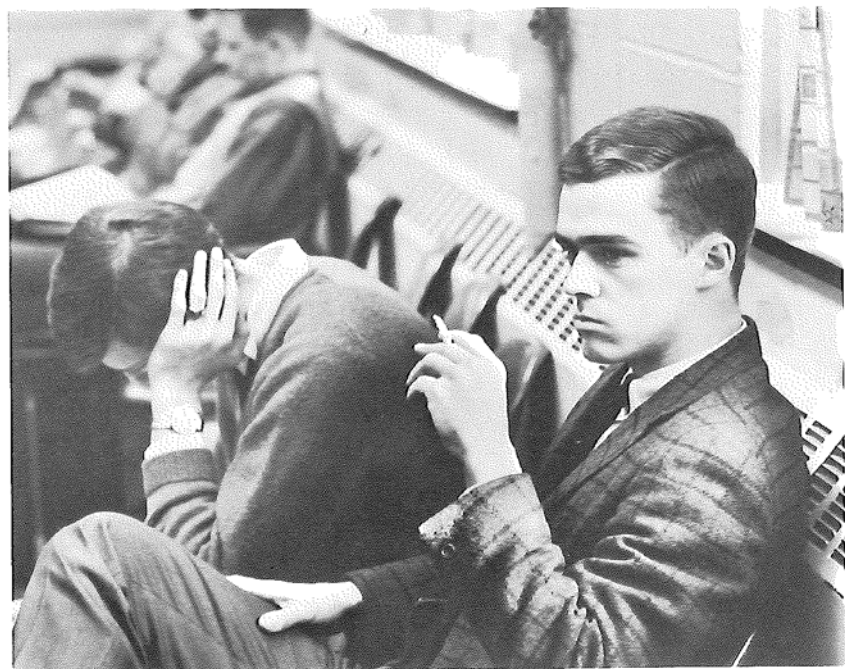

tranquility and harmony

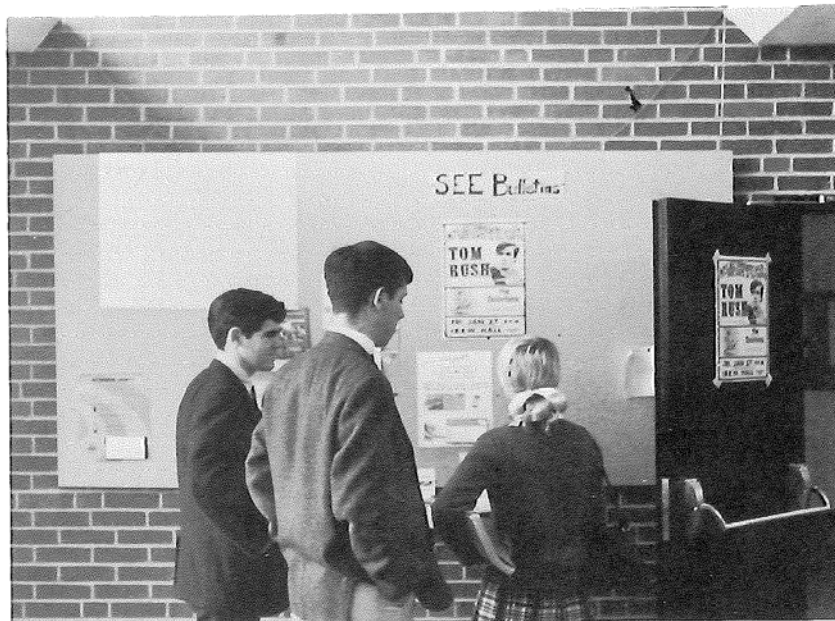

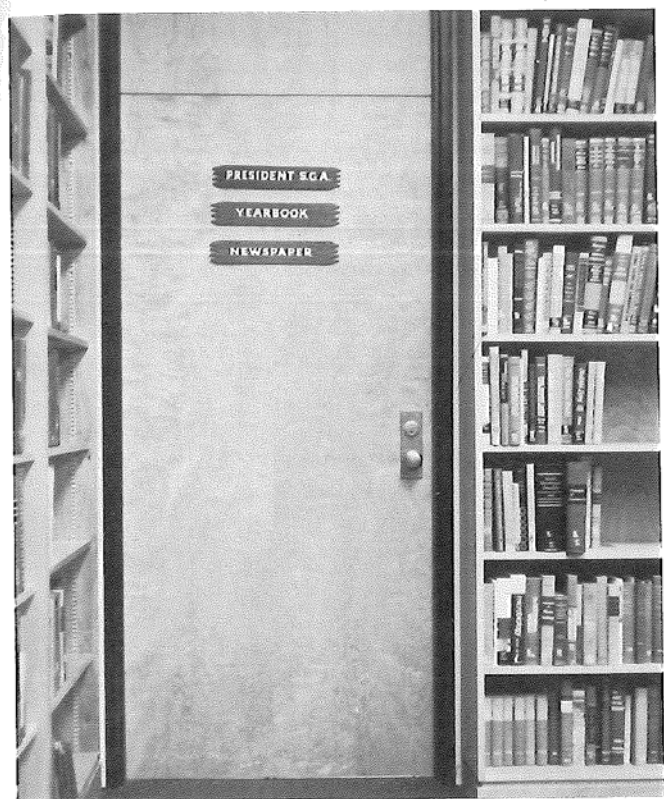

awareness and perception

*Look not mournfully to the past--it comes not back again;
wisely improve the present--it is thine; go forth to meet
the shadowy future without fear, and with a manly heart.*

*These are the green years
settled low in a meadow
far from the noise of knitting
where the unreality of poppies
and clumsy hearts strain
against the capping cork.*

*These are the green years
days of dawn and freckled wonder
that throttled through the skies
open mouthed, tasting
the orange coloured corners
of youth.*

*These are the green years
strewn with toppled mountains
and fractured skies that snowed
amidst the shouts and slamming
doors of youth firing its dreams
to the lint of life.*

*These are the green years
that drenched the testing toe
and dared to touch the unbeautiful
that it was beautiful
to touch.*

*These are the green years
spun deliciously dizzy
on a merry-go*

*round
the far flung
deep sung
low slung
cry
of a never again
heard
bird.*

JACK MYERS

Class of 1965

The 1967 edition of the *GREENYEARS* symbolizes the new look and the daily changes at Massachusetts Bay Community College.

This issue consists of 144 pages. The book is printed in black ink on 80 lb. Velva-Dull paper, by William J. Keller Inc. of Buffalo. For the first time, a special section of 27 pages has been set aside to depict the daily life at Mass. Bay.

The cover, itself, presents the fresh look the yearbook staff wished to give the book. It is an olive green fabricoid, with a handtooled finish, and a plain panel to accentuate the school seal, which is done in silver metallay. The cover is further highlighted by a black overtone rub.

As the finishing touches are added to the 1967 edition of the *GREENYEARS*, I wish to express my gratitude to all those who helped in one way or another to produce the book. A very appreciative thanks to Joe Donovan, representative for the publisher, for his advice, help, and patience; to Norman Benrimo and Joe of Benrimo Studios in Winchester for their superb portrait work and service. A special thanks to Dean Hagerstrom for his advice on the budget; to Miss Carney for her interest and encouragement; to Prof. Chase for his willingness to take last minute pictures of the faculty; to Dean Edmunds for helping us to organize; to Marilyn, an efficient secretary; to Prof. Rhine, our very capable faculty advisor, without whom the year would have been a complete loss; and to the faculty and students for their co-operation.

Last of all, my deepest gratitude goes to those students who spent their valuable time working on the yearbook staff; to the editors, Ann, Karyn, Terry, and Jackie, for their opposition, ideas, and support; to Jim, our capable photographer, who was a gift from heaven; and to the staff, whose hard work created the book.

I feel, without a doubt, that we have created a new look in the *GREENYEARS* which represents the Class of 1967 and our school; for no other reason than this, I am proud to have been editor. Thanks to all for their support.
