

1973

A large, stylized, light-colored letter 'E' is centered on a dark green background. The 'E' has a thick, slightly irregular outline, giving it a hand-drawn or stenciled appearance. It features several loops and curves, particularly in the top and bottom horizontal bars. The background has a fine, vertical ribbed texture.

## MASSACHUSETTS BAY COMMUNITY COLLEGE

Founded in 1961, Massachusetts Bay Community College was the second community college established by the Commonwealth of Massachusetts for the purpose of providing an inexpensive, diversified education for interested individuals. Classes were first held at 27 Garrison Street in Boston with a total enrollment of 419 students and 25 staff members.

In September of 1965, because of increased enrollment, one-half of the student body attended classes at Watertown High School while awaiting the renovation of what is now known as "Mass Bay". Today the school is located on the Gore Campus, which includes a former Raytheon office building and a group of relocatable classrooms. The enrollment includes 1400 day students and 1700 evening students.

Accreditation of Massachusetts Bay Community College by the New England Association of Colleges and Secondary Schools came in December of 1967. Membership is also maintained in the American Association of Junior Colleges.

Today and in the days to come Massachusetts Bay Community College is and will be an institution fulfilling the many needs of the community it serves.

To the Members of the Class of 1973:

It is with mixed feelings that we who will remain at the College look toward the conclusion of your two years here. We have feelings of appreciation, of satisfaction, and hopefully, of some accomplishment in having had the opportunity to have some small influence on your lives during these two years. We have feelings of regret since, by the very nature of things here at Massachusetts Bay, we have come to know you not only as students but in a great many cases as personal friends. Speaking for the faculty and the staff, we shall miss you.

Your contributions to this young and growing College have been many and significant. We hope that your experiences here will be helpful in your individual future careers. The Class of 1973 has succeeded in keeping us very much alive and "on the ball". You have assumed well your responsibilities as citizens of the College community. You now face the broader responsibilities of the wider community as active participants in business, industry and the professions. We all join in wishing you well.

It is my hope that you will continue an active association with your "Alma Mater" through participation in the College's Alumni Association, which is even younger than the College itself. It is, however, possessed of boundless enthusiasm and vitality which augurs well for its future role in helping to shape the direction that this College will take in the years ahead.

As you leave us, we take this means of thanking you for what you have left us and wish you good luck and Godspeed in the years ahead.

*John F. McKenzie*

President

# DEDICATION

In reminiscing about our "Greenyears" at Massachusetts Bay Community College, we become aware of great changes which have occurred within us. Just as we reflect upon our many experiences, there are also those special people whom one never forgets. These are the people who give freely of their time, and who are near whenever we need a little word of advice or encouragement.

The Class of 1973 is proud to be able to dedicate this yearbook to someone who truly deserves to be praised for such qualities. Prof. Shapiro, we thank you for being all of these things to so many of us. Our best wishes for happiness in your future years of teaching—a gift you use so well.

## The MASS BAY Desiderata

Go placidly amid the noise and haste and remember what peace there may be in the Reading Room. As far as possible without surrender, be on good terms with your advisor. Speak your truth quietly and clearly; and read the posters in the lobby, even the dull and ignorant; they too have their story. Avoid loud and aggressive professors, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser students than yourself. Enjoy your grades as well as your plans. Keep interested in your own G.P.I., however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business course; for the final is full of trickery. But let this not blind you to what virtue is; many persons strive for the Dean's list, and everywhere there is a Silver Key. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is as pleasureable as the grass. Take kindly the Council of the Student Government, gracefully surrendering the cut policy. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of term papers and lab reports; keep a tense consistency. Beyond a wholesome discipline, be gentle with yourself. You are a child of the "Bay", no less than the lake and the relocatable buildings; you have a right to be here. And whether or not it is clear to you, no doubt the Seton site is unfolding as it should. Therefore, be at peace with the President, whatever you conceive him to be; and whatever your labors and aspirations in the noisy confusion of life, keep peace with your soul. With all its exams, drudgery, and parking tickets, it is still a beautiful school. Be careful, strive to be happy.

## 42 IN A ROW!

MASS BAY  
BEATS  
MASSASOIT  
102-67

"A chapter in sports history was  
written tonight,"

—Dick Stockton.

Before an almost capacity crowd at Waltham High School, Mass Bay's own "Invincible Eleven" romped to a 102-67 victory over Massasoit Community College. With television coverage on two major networks, and the attention of basketball fans from Cape Cod to California, Chuck Pendergast led the Tritons to their 42nd consecutive win, breaking the 16 year old record held by California's Hancock Junior College for 41 straight contests. The series of photos on the left shows the entire team in action during that record-making game, and is dedicated to coach John Cieri.

## THE QUESTION

As winter calls the summer back,  
And autumn comes around,  
I once again lose your smile;  
I see it blowing in the autumn leaves,  
Down the beach we shared in the sun.  
As the sandpipers disappear,  
So do you,  
Perhaps for a warmer climate.  
But a jacket is around my shoulders—  
not your arm.  
Pretty soon the snow will come,  
and our footprints will be gone,  
But we can put them back next summer  
Or can we?

All I want to do  
is spend a whole day with you  
by just holding, touching, being you  
And when the night arrives  
I want to look into your eyes  
and say good-night instead of good-bye.

Be yourself.

Do not turn in section . . .

A LITTLE DAB WILL DO IT.

"HERE I AM"!

PRETTY TALENTED, EH?

"HMMM, I GUESS MATCHES WOULD BE CHEAPER."

"BUBBLE, BUBBLE TOIL AND TROUBLE!"

## EDITOR'S MESSAGE

As the year comes to an end, we, the Co-Editors of the 1973 edition of "Greenyears," take pride in presenting this yearbook to the students, faculty, and administration of Massachusetts Bay Community College. We would also like to express our appreciation to the entire yearbook staff, without whose patience and devotion, this yearbook would not have been a success.

A goal of a yearbook is to be one of the best advertising devices a college can have. Although we recognize this fact, we also feel that it serves as an irreplaceable pictorial account of our years here at Mass Bay. It was to this end that we have directed our efforts.

In closing, we would like to extend our best wishes to the Class of 1973. We hope you will find lasting enjoyment throughout the pages of this yearbook.
