President’s Message

Your Editor of the GreenEye has asked me to review on this page my recollections of and reaction to the acquisition of our permanent campus in Wellesley and the imminent prospect of having the entire College on one permanent site.

I recall vividly the day I announced that the House Ways and Means Committee had decided not to recommend the appropriation of funds to acquire the Wellesley Campus. One faculty member, Professor Mariatis, stood up and said, “No, we will not accept that! Let’s fight for what we deserve.” That faculty meeting initiated an intensive lobbying and informational campaign by students, faculty, staff, alumni and Advisory Board in a two week period, the likes of which had not been experienced on Beacon Hill. The upshot was the turning around of the Legislature and the appropriation of funds to acquire the Wellesley property.

We have lived now for four years on two campuses separated by seven or eight miles. This has created problems of communication, coordination, logistics, scheduling and many others. Come July that will be behind us and the entire College community will be housed on the Wellesley Campus. Just as the lobbying campaign of four years ago brought us closer together as a College, hopefully our physical consolidation on one site will also bring us closer together figuratively as well as literally.

In 1966 when we acquired the then new Watertown campus, I heard some faculty and students saying, “This is nice but remember the good old days on Garrison Street!” (our first campus in ramshackle old buildings in Boston). I suspect the same thing will happen next year with some people recalling with nostalgia the good old days at Watertown. I’m sure that as it should be. It gives credence to the fact that it’s not the buildings that have real meaning for our people, but rather the people themselves, the friendships, and associations.

From its early days, even though in temporary buildings, our students, faculty, and staff identified themselves with the College and its immediate and long-range objectives. They manifested a true spirit of involvement, responsibility, and pride in the College — particularly in its development on a sound academic and moral basis. We will work to preserve that heritage in the years ahead.

You who comprise the class of 1977 came to us as people with potential; you leave us now with limitless vistas before you. We hope we as a faculty and staff have made some small contribution toward helping you to capitalize on the several abilities which you possess in such abundance. I urge you not to lose your happy comradeship with each other or your abiding sense of justice and fair play; rather, spread it abroad in the larger community in which you will now be exerting an even greater influence.

Good luck and Godspeed.

THE FINAL MOVE

A NEW HOME

Recommended by Governor Foster J. Furcolo, Massachusetts Bay Community College was the fourth community college established by the Commonwealth of Massachusetts.

When the college first opened its doors in September of 1961, it was at a temporary campus located on Garrison Street near the Prudential Center in Back Bay Boston. In September of 1965 the College acquired a new, yet still temporary site in Watertown. The renovations of the rented Raytheon buildings were delayed and this made it necessary to hold classes in the late afternoon and on evenings at Watertown High School until December of 1965. At this time there was a split campus with 692 students at the Boston campus and 518 in Watertown. In the summer of 1966 twenty-one relocatable buildings were installed on the Raytheon property, and that fall the entire college moved to Watertown.

It had been ten years since the opening of the college when, after a strong and dedicated effort on the part of faculty, students, and staff, the college finally acquired a permanent campus. It was late 1972 when the Commonwealth purchased the Elizabeth Seton High School site from the Sisters of Charity. In the fall of 1973 the college opened its Wellesley Hills campus, and once again operated on a split-campus situation.

It had been intended that the campus would consolidate during this past academic year; however, there still is the split-campus situation with 1121 students in Wellesley and 491 students in Watertown. Mass. Bay has had to operate under such conditions since its inception, but with the summer of 1977 it will be completely installed in its permanent campus.

We the Class of '77 wish the college the best of luck and a prosperous future in its new home in Wellesley.

By Paul Carr
Sumner M. White came to Mass. Bay in 1967 and immediately became involved in student affairs. In his first year he served as advisor to the Business Club. Since then Mr. White has advised numerous mixers, the yearbook, and a Sophomore Luncheon. He has also served on such committees as Admissions and Curriculum and Financial Aid. He is an honorary member of the Silver Key Society. It is for this unselfish giving of time that “Greenyears” is dedicated to Sumner M. White.

Quality education has become a standard at Mass. Bay. It is not a standard that is easily obtained. Behind quality education is a staff that must be totally devoted to the student and to the ideals of teaching. We here at Mass. Bay are fortunate in that we have such a staff. One member of this staff has devoted as much time that can be humanly expected of one individual. It is for this reason that the class of ’77 dedicates “Greenyears”. May this dedication serve to show the deep gratitude that we have for...

CULTURAL ACTIVITIES

The purpose of Cultural Activities is to provide cultural programming on campus for the Massachusetts Bay Community College students. The Cultural Activities committee presents such programs as Karate, Transcendental Meditation, Mime Theater, and a variety of movies. The funding of such programs comes from the Student Activity fee each student pays at the start of the year. It was therefore, possible to offer a great many performances with no admission fee.

During my year as Cultural Activities Chairperson, I was fortunate enough to have many successful programs. Some of the more successful shows included; Steve Dacri’s Magic Show, Edmonds & Curley Comedy Team, Logans Run, and Reincarnation of Peter Proud. During the year I learned a great deal about programming, contracts, staging, and promotion. I had a committee to back me up and in addition to their help, I would like to thank all faculty members and students whose participation and involvement helped make 1976-77 such a successful year.

Sincere Thanks & Good Wishes

The Minority Affairs Student Club was established this year to encourage the integration and participation of all minority students on campus in the total spectrum of college life offered at Mass Bay. The underlying philosophy of the Club is a commitment to create a climate of increased understanding and appreciation for differences among people and to promote multi-racial and multi-cultural pride and awareness within the total college community. Membership in this Club is open and all M.B.C.C. students are encouraged to become active members.

WOMEN'S BASKETBALL
1976-1977 proved to be a winning year at Mass Bay for our athletic teams. This year's addition of a women's softball team proved no differently. Led by the outstanding hitting, fielding, and sportsmanship of Terri McDivitt, Molly Walters, Janet McClosky, and Donna Moulton a winning season prevailed. Welcome aboard.
The volleyball team was organized this year and showed that true Mass. Bay spirit. Coach Bove had plenty to rave about as his team of six beat such foes as Holy Cross, Assumption and Framingham State. With co-captains Trish Maguire and Molly Walters returning next year the team will definitely be the team to beat. Congratulations and welcome to the winning tradition.

CROSS COUNTRY

Front Row L-R: F. Tilley, M. Kelly, T. Joyce; Coach W. Shaw Back Row L-R: M. Fitzpatrick; D. Tocci; S. Palmer; B. Bustin.

Well, they did it again! The Mass. Bay Tritons track team won the coveted N.I.C.A.A. title for the second time in the last three years. Coach William Shaw was beaming with pride as the winged Tritons ran their way to victory. Each and every team member strived for perfection and achieved it as they won the N.I.C.A.A. title. All we can say about the Tritons, is that we hope they keep on flying.

As the fans count down the final seconds of the state championship game at Mt. Wachusett Community College there is a growing sense of joy on the Mass. Bay bench because they know that they are about to regain there much deserved place at the head of the M.C.C.A.A. in the sport of basketball. This year brought an amazing season in which the Tritons amassed a record of 24 wins and only 3 losses on the way to the state championship. Mass Bay’s own Co-Captain, Jeff Singleton was named Most Valuable Player of the playoffs.

WOMENS BASKETBALL

When we speak of athletic teams, no one ever mentions the cheerleaders. At Mass Bay this is changing as many students are beginning to realize all of the time and dedication these girls put into training and performing. Your many hours of dedication are deeply appreciated by the class of '77 and the athletic department. Thank you for your continued support.

The winning tradition of Mass Bay was carried even further this year by our hockey team. Under the leadership of Coach Dooley, captains E.J. McDonald and Dana Skenquist were able to capture a record of 9 wins, 5 losses, and 2 ties. With fine goaltending by McWade and Bennet, and the hot stick of Pallo this years team ended the season nestled in the number one spot.

**BASEBALL**

Mass Bay's sluggers started their season on a winning track and went virtually across the state non-stop. In keeping with our baseball teams of the past, this year's fine pitching, fielding, and hitting led to a very proud record of 22 wins and 4 losses. This year the team finished in third place in the New England standings. We wish Coach Maloney all the luck in the world in his quest to bring fine baseball to M.B.C.C.

Mass Bay students escaped from studies to visit French-speaking Montreal from April 22 thru April 24. The group stayed at the Ramada Inn on Guy Street.

Many took advantage of the shops, underground malls, clubs, and restaurants located in nearby downtown. Others visited (via taxis, the Metro, and horse drawn buggies) such places as Notre Dame Cathedral, Old Montreal, the Olympic site, Expo "67", and Saint Joseph’s Oratory. Students and chaperones alike enjoyed the festive Old Munich, the 747 Club on the top of Air Canada, as well as the many parties held (at all times) in the hotel.

ALLIED HEALTH
HEALTH CAREERS

Four programs at Massachusetts Bay Community College provide preparation for health careers: Medical Laboratory Technician; Medical Record Technician; Radiologic Technologist; and Registered Nursing. Students in these programs complete the academic college requirements for their Associates Degree and participate in work-related training programs at neighboring clinical affiliates.

Graduates may find career opportunities in public and private hospitals, outpatient clinics, physician's offices, private industry, and public health agencies.

Students who have chosen a health career are interested in helping other people. While at the college they have developed the skills necessary to assist in the prevention, diagnosis, and or treatment of disease. Many of the students at the college have expanded their knowledge through participation in the Allied Health Club.

Editor's Message

We the staff of Greenyears '77 hope you will enjoy reading and reminiscing thru this edition. In future years let it serve to remind you of a time in our lives when we crossed another intersection on the highway of life.

In keeping with the tradition here at Mass Bay this years staff has strived for perfection. I'm sure you will agree with me that they have done a fine job. My deepest appreciation to what I consider the perfect staff.

May all of you find the treasures in life that each of you are seeking. For many of us Mass Bay has been one of them. Be Happy!

WE MAY NEVER PASS THIS WAY (AGAIN)

Life — so they say
Is but a game and they let it slip away
Love — like the Autumn sun
Should be dying but it’s only just begun
Like the twilight in the road up ahead
They don’t see just where we’re goin’
And all the secrets in the universe
Whisper in our ears and all the years will come and go

We may never pass this way again
We may never pass this way again
We may never pass this way again

Dreams — so they say
Are for the fools and they let them drift away
Peace — like the silent dove
Should be flyin’ but it’s only just begun
Like Columbus in the olden days
We must gather all our courage
Sail our ship out on the open sea
Cast away our fears and all the years will come and go
And take us up — always up

We may never pass this way again
We may never pass this way again
We may never pass this way again

So I wanna laugh while the laughin’ is easy
I wanna cry if it makes it worthwhile
I may never pass this way again
That’s why I want it with you
’Cause you make me feel like I’m more than a friend
Like I’m the journey and you’re the journey’s end
I may never pass this way again
That’s why I want it with you baby

We may never pass this way again
We may never pass this way again
We may never pass this way again
We may never pass this way again
