Access Control and Credentialing

The following information applies to all exhibitors traveling to the Hynes, unloading exhibitor-related cargo, and parking at the Hynes:

Exhibitors accessing the Hynes must be processed by the General Service Contractor (GSC) before entering the facility. All Exhibitor personnel who travel to and park at the Hynes must check-in with the GSC first. GSC personnel shall make a copy of each Exhibitor's driver's license. The copy of the license shall then be attached to Exhibitor paperwork and a Hard Card (GSC generated container for the License Copy) along with Exhibitor Credentials must be issued by the GSC to the Exhibitor. The Hard Card travels with the exhibitor/operator to the loading dock, and is required in order to enter the loading dock area. The Hard Card must remain on the dash board of the Exhibitor vehicle at all times when at the loading dock.

Issued Exhibitor Credentials must be worn on the outermost garment of the Exhibitor at all times while inside the facility.

4. Walls, floors, ceilings, or other areas of the Center or its furnishings or fixtures are not to be painted or have permanent coverings applied.

Booth Set-Up and Dismantle

The unpacking, assembling, dismantling, and packing of displays and equipment may be done by full-time

employees of an exhibiting company. Exhibitors are allowed to set-up and/or dismantle their own booths, provided that they use their own bona fide, full-time employees. It is acceptable for exhibitors to safely use power tools to set-up and/or dismantle their own booths.

Cabling

No cables (telephone, internet, electrical, audio, video, etc.) should be run in front of any doorways at any time. If cables must cross a doorway, cables must be flown – cable trays are not an acceptable substitute.

Cooking Demonstrations

Exhibitors may use butane for cooking purposes with prior approval of the MCCA Public Safety Department. Quantity inside the Hynes is limited to two (2) 1-pound UL approved canisters per cooking device; one canister in use and attached to the cooking device and one (1) spare canister. Due to safety concerns, exhibitors may only use butane canisters purchased directly through Levy Restaurants. You are required to have a 20 lb. Smoke detectors must be installed on the first floor of the exhibit and every subsequent enclosed level. Exhibit fire sprinkler systems are required of any exhibit that has a roof, or any other covering, that would impede the effective use of the facilities sprinkler system. A 20 lbs. BC fire extinguisher must be visible on every level of the exhibit.

Any exhibit that is deemed a hazard by the MCCA must be removed from the facility. All costs for removal are the responsibility of the Licensee.

Food & Beverage Services

The Hynes prohibits any food or beverages from being brought into the building, except by Levy Restaurants, the exclusive F&B service provider. The distribution of food and beverages, regardless of type and/or quantity, is the sole responsibility of Levy Restaurants.

Levy Restaurants is the official caterer for all food and beverage services within the Hynes. All arrangements for the service of food and/or beverages must be made through the catering office. Food and beverage sampling, in conjunction with specific exhibits may be permitted, but only to the extent approved in writing, in advance, by a Levy Restaurants Catering Sales Manager.

In order to obtain authorization from your Catering Sales Manager to distribute food and beverage items, one of the following conditions must exist:

- (1) The party interested in distributing food and/or beverage must be the manufacturer of said product. The interested party must only distribute SAMPLE

sizes (2 ounces of pre-packaged food items or 4 ounces of non-alcoholic beverages) of his/her product and cannot participate in cash sales of said product during the show.

--OR--

- (2) The party interested in distributing food and/or beverage items must pay a fee (to be determined by a Levy Restaurants Catering Sales Manager) to waive its right to exclusivity under the MCCA Event License Agreement.

If a party brings unauthorized food and/or beverage items into the Hynes and does not subsequently meet one of the conditions listed above, the party must immediately remove the unauthorized item(s) from their exhibit or meeting space.

Sampling Authorization Form– This form outlines policies and procedures pertaining to F&B sampling at the Hynes. The document contains specific information regarding allowable sample sizes, eligibility of sampling, method of distribution, etc. This form is required by Levy Restaurants in order to obtain permission to sample and to obtain a Temporary Food Service Permit.

Temporary Food Service Permit Application– The City of Boston Inspectional Services Division requires a temporary food service permit for any F&B served at the Hynes that is not sourced through Levy Restaurants. Permit fees begin at \$30.00 for a one-day permit with \$5.00 for each additional day of sampling (example: a 3-day permit costs \$40.00). Please contact your event’s Exhibitor Services Manager for additional information. For more information on available Exhibitor Catering Services or further assistance, please contact Levy Restaurants Catering Sales Office – 617-954-2189.

Glitter, Confetti, Popcorn, and other materials

The use of glitter, confetti, sand or simulated snow types of material, as well as popcorn, is NOT permitted in the Hynes. Additionally, adhesive-backed decals may not be given away or utilized. Any costs incurred by the Hynes for the removal of these items will be charged to the exhibiting company.

Gratuities Policy

It is against the Hynes’s policy for any employee or service contractor to accept gratuities or gifts from the Licensee and/or any exhibitors. Offering of tips and gratuities to personnel employed by the Authority, or its contractors, agents, or suppliers, is strictly prohibited. Hynes personnel are required to report

any violation of this section to the Public Safety department, at (617) 954-2111. In addition, violation of this policy will subject the recipient of the tip or gratuity to termination of employment and/or dismissal from the building.

Guardrails

Any platform(s) exceeding 30" in height will require a Massachusetts State building code compliant guardrail system. The guardrail shall be 42" in height with balusters or solid materials such that a sphere with a four inch (4") diameter cannot pass through any opening.

The guardrails shall not have an ornamental pattern that would provide a ladder effect. This includes a guardrail on stairs.

The guardrail system shall be capable of withstanding a load of 200 pounds (minimum).

Stairs

Stair construction shall meet Massachusetts State building code for riser height of 7" maximum and a tread depth of 11" minimum. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other structure elements or obstructions. Handrails shall not be less than 34" or more than 38". The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross section with an outside diameter of at least 1-1/4" and not greater than 2".

Stair width shall be a minimum of 36". Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is a part of a means of egress. The easiest way to address this issue with minimal cost is to secure a fitted piece of fire-rated plywood or sheet rock between the stringers against the back of the treads.

Hand-Carry Policy

For the convenience and safety of exhibitors and patrons, all freight and material handling must enter and exit the facility through the approved loading areas. Exhibitors will be allowed to hand carry one item, one time, in or out of the facility without having to access the approved loading areas. No parking is allowed at the Boylston St. entrance and the use of passenger elevators for movement of freight is not allowed. All packages are subject to inspection by Hynes personnel.

Hand carried freight is defined as one item that can be easily carried by an individual exhibitor, without the need for dollies or other mechanized equipment.

Hanging Devices

Rigging of cable and other hanging devices on or near ceiling electrical buss ducts and conduits, on sprinkler pipes, or on ventilation equipment is strictly prohibited.

Lights

Only Underwriters Laboratories (UL) approved clamp-on types of portable spotlights are allowed. All display lights must be turned off when the exhibitor leaves for the day. Only UL approved extension cords 12 gauge or greater rated for 20 amp are allowed. Note: Household extension cords are not permitted. These are generally 14 or 16 gauge and only rated at 15 amps.

Material Handling

Exhibitors are allowed to perform their own material handling, provided they meet with all of the following criteria:

- Exhibit personnel performing the work must be bona fide, full-time employees ("authorized personnel") of said company.
- Exhibitors may choose to off-load from a company-owned truck or rental vehicle, or from a car, van or truck owned by personnel of the company provided the vehicle is co-owned or rental vehicles must be less than 24 feet in length.
- Exhibitors may use only hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat trucks are permitted as well.
- At no time can vendors (A/V, furniture design firm, etc.) unload their items. An approved General Service Contractor (GSC) or the exclusive rigging service provider (ERSP) must be hired by the Licensee to unload/re-load and push in all vendors.

Move-In Procedures

ALL Exhibitor Move-in is restricted to the Hynes loading areas. No exhibitor will be allowed access with his or her move-in materials via any other entrance to the facility. Please note the hand carry rule within the Exhibitor Participation Rules/General Conditions Section of the Guide.

Exhibitor staff arriving at the facility must identify themselves with a photo ID (preferably a valid state issued motor vehicle operator's license) by the Loading Dock Officer. Once positively identified, the exhibitor will be referred to the Licensee in order to register and receive event credentials.
