Instructions for assembly of Bluefig Travel Bags

1

Locate the zipper opening on bottom of the side (A)

2

Insert steel frame as pictured (B)

Repeat this process for the opposite side of the bag

3

Ensure steel frame is fully inserted and zip the panel shut (C)

4

Locate the baseplate and insert the square metal tubes into the wheel set completely (D)

NOTE:

The set screw holes in the tubes will only line up properly if tubes are fully inserted
