President's Letter

Since I wrote to you last on April 3, we have had three events to bring us to the "it's too hot" break for July and August.

On April 25, we did a driving tour of Palm Beach, leaving from the Flagler Museum, driving along the ocean past all the mansions, including Mar-a-Lago, on the way to the Banana Boat in Boynton Beach. Banana Boat is right on the intracoastal waterway with great views. We had a great turnout with many members coming from the south.

On May 15, we had a breakfast at Toojay's in Palm Beach Gardens, which was again well-attended. Hopefully, in November, we will have another break-fast closer to the south end of the county. Stu Altfest is working on a location as we speak.

Finally, on June 15, we went to the grand opening of RENNTech at their new, much larger facility in Stuart. After an informative tour, we drove to Conchy Joe's in Jensen Beach for lunch. It was a busy quarter.

For the upcoming months, we will be back in full swing with events in September, October, November, and December. Looking forward to seeing you all there.

Remember, a car club is not about the cars, it's about the people!!
Keep driving that Mercedes!!

June 13 Road Star visit to RENNTech

On Saturday, June 13, 35 members of Road Star were fortunate to attend the grand opening of RENNTech's new facilities in Stuart, FL. RennTech has 36,000 square feet of state of the art technology housed in a beautiful building just off Rte. 95 in Stuart, FL. As we've witnessed before, RENNTech provided a great tour, lots of conversation, delicious refreshments and some incredible cars to look at and drool over. Thanks, Hartmut for another great visit.

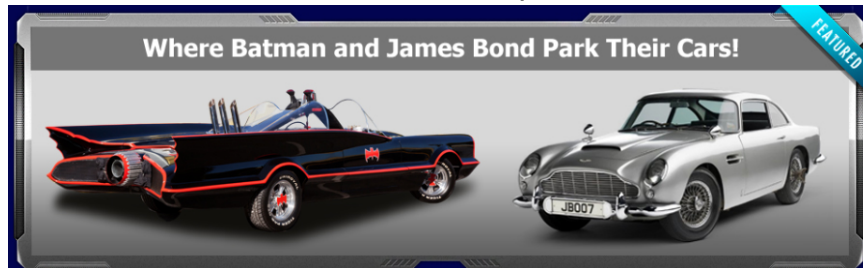

The tour was followed by a great lunch at Conchy Joe's as the Road Star section wound down for a summer vacation.

Hope to see you at our next event in September.

But this is much more than just a celebrity car showcase. Featured within the eight exhibits are also military vehicles, European classics, motorcycles, and a gallery devoted to an age when chrome and tailfins ruled the road. With more than 1,200 on display and thousands of pieces of memorabilia, everyone can discover their favorite wheels at the Miami Auto Museum.
