FOR IMMEDIATE RELEASE

MCLANAHAN LAUNCHES NEW ONLINE STORE

Hollidaysburg, Pa., July 18, 2017 - We are pleased to announce the launch of www.mclanahangear.com, which now allows employees, partners, customers and the general public to directly purchase and receive McLanahan gear. This new site replaces the existing store on our website for public orders, and has been updated with new in-stock items, as well as items available for custom order.

Over the past several months, with the help of Ravine-Altoona, the Marketing and Communications Department has selected items that we believe will be of interest. The site features a special log-in for sales, but all employees and the general public have full access to the site and all available items. The site features apparel, promos and hats.

We invite you to browse around our new store today!
