MCLANAHAN LAUNCHES WEBSITE TO SUPPORT MOBILE SOLUTIONS

Hollidaysburg, Pa., March 2017 – In order to provide easier access and better information to customers, McLanahan Corporation has launched www.mclanahanmobilesolutions.com to support their new range of mobile equipment.

Because this line is sold directly through a unique set of dealers and is readily available to customers, McLanahan wanted to provide a specific website that makes information directly available. The site focuses on mobile equipment solutions for crushing, screening, recycling and material handling applications. Visitors are able to quickly and easily find contact information, request a quote and locate the nearest dealer.

The MMS website also provides information on McLanahan Capital. Customers are able fill out and submit credit applications to get financing. The company offers several types of loans and leasing information for customers who need it.

For more information on McLanahan Mobile Solutions, please visit www.mclanahanmobilesolutions.com.
