Hospital Grade Outlet Strips

Tripp Lite power strips provide a convenient means of power distribution for applications requiring hospital-grade plugs/outlets. Utility strip-style models feature keyhole mounting tabs and flanges for installation in a wide variety of configurations. These products include the PS-415-HGULTRA which is a Medical Grade strip featuring internal site-wiring fault protection and UL 60601-1/UL 60950-1 certification. All hospital grade outlet strips comply with UL 1363 specifications.
