Event Series

RECORD BOOK

EST. 2008

— 2020 —

Due to the impact and continued spread of the novel coronavirus (COVID-19) pandemic, 2020 has been an unprecedented and challenging year. For the first time ever, the Marine Corps Marathon (MCM) Organization canceled or shifted multiple events to virtual-only status. The MCM running community remained undaunted and the response to virtual events was overwhelmingly positive. But, when the opportunity arose to gather live aboard Marine Corps Base Quantico, the MCM Organization implemented safety guidelines and measures to prioritize the health and safety of the MCM running community and staff, while helping to mitigate the spread of the coronavirus.
