## Docking the Tablet PC

1. With screen side facing down, install the tablet PC into the alignment ports on keyboard dock.

2. Ensure the tablet PC is tightly secured to the docking cradle.

## Undocking the Tablet PC

Use both hands to remove the tablet PC from the docking cradle.

## Federal Communications Commission Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

**Warning: Operation of this equipment in a residential environment could cause radio interference.**

## IC Regulations

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions: (1) This device may not cause interference; and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

**This Class A digital apparatus complies with Canadian ICES-003.**

**Cet appareil numérique de la classe A est conform à la norme NMB-003 du Canada.**
