

Jessica Noel

Emerging UX designer in process of completing the Google UX Design Certificate, learning skills in user research, problem-solving, and creating intuitive digital experiences. Known for empathy, clarity, and a thoughtful, human-centered approach. Currently in the process of building a portfolio of case studies and seeking early-stage or internship opportunities to grow through hands-on, collaborative design work.

EDUCATION

Google UX Design certificate

February 2026- Present

In progress Google Career Certificate offered through Coursera

Meta Front end development certificate

November 2025 - January 2026

I received by introduction to front end development certificate authorized by Meta and offered through Coursera

University of Wisconsin Parkside, Kenosha Wisconsin — *Bachelor of Science*

February 2019 - December 2023

I received my bachelor's degree in applied health science

UX PROJECTS

COURSE 2 project— *Google UX Design certificate: designing a mobile app for gamers to buy gaming equipment*

Role: UX Designer

Skills: Research, problem definition, sketching, wireframing, prototyping

Summary: Users feel unsure about making online purchases for gaming equipment because of the lack of simplicity and clarity of the websites and product descriptions. My goal was to create a clearer, more supportive online shopping experience for casual gamers in order to help them understand, compare, and confidently choose the right gaming equipment.

Status: still in progress but here's a link to what I have so far:

<https://docs.google.com/presentation/d/1juoTtGC1f7VVkujzc5aMPtI73I84UvOkSrEvL6lyMDY/edit?usp=drivesdk>

Foundations work — *Google UX Design certificate (course 1)*

Role: UX Designer (Foundations)

Skills: UX principles, accessibility, design thinking

Summary:

Completed foundational training in UX processes, accessibility standards, and human-centered design principles. Built early practice exercises demonstrating understanding of UX fundamentals.
