<https://docs.google.com/presentation/d/1juoTtGC1f7VVkujzc5aMPtJ73I84UvQkSrEvL6IyMDY/edit?usp=drivesdk> it's still in progress but this is what I've got so far!

SUMMARY

Aspiring User-centered UX designer skilled in research, insight synthesis, and creating intuitive, confidence-building digital experiences. Currently completing the Google UX Design Certificate and developing case studies focused on clarity, problem-solving, and human-centered design. Known for empathy, communication, and thoughtful collaboration. Seeking a product or UX internship where I can contribute to early-stage discovery, research, and design.

- Usability testing
- Iteration & design refinement

Technical

- HTML, CSS, JavaScript
- Figma, FigJam
- Google Workspace

- Notion

Soft Skills

- Empathy & communication
- Collaboration
- Critical thinking
- Attention to detail
- Adaptability
- Emotional intelligence

UX PROJECTS

Mobile App for Gaming Equipment — Google UX Design Certificate

Role: UX Designer

Skills: Research, problem definition, sketching, wireframing, prototyping

Designed a clearer, more supportive online shopping experience for casual gamers who struggle with confusing product descriptions and cluttered layouts. Conducted user research, defined key pain points, and created early flows and wireframes to support confident decision-making.

Status: In progress — case study link available.

Foundations Work — Google UX Design Certificate

Role: UX Designer

Skills: UX principles, accessibility, design thinking

Completed foundational training in UX processes, accessibility standards, and human-centered design. Built early practice exercises demonstrating understanding of UX fundamentals.

EXPERIENCE

Foxconn — Material Handler

July 2025 – Present

- Managed and organized priority work orders and materials.
- Collaborated with coworkers to locate missing parts and maintain workflow.

- Demonstrated strong communication, attention to detail, and problem-solving.

Woodman's — Shop Clerk & Produce Clerk

August 2019 – January 2026

- Fulfilled online grocery orders with accuracy and efficiency.
- Assisted customers in locating items and maintained organized inventory.
- Demonstrated patience, communication, and attention to detail.

Clearsky Rehabilitation Hospital — Therapy Technician

August 2023 – May 2024

- Supported therapists with transfers, equipment setup, and patient transport.
- Maintained clean, safe therapy environments.
- Demonstrated empathy, patience, and strong interpersonal skills.

Cora Physical Therapy — Physical Therapy Aide

July 2021 – September 2022

- Assisted patients with exercises and equipment setup.
- Maintained clean treatment spaces.
- Demonstrated empathy and interpersonal communication.

Additional Roles (Condensed)

CTDI — Software Tester (2019)

Walmart — CAP 2 Associate (2017–2018)

Strengthened attention to detail, organization, and reliability.
