Professional Summary

Bachelor of Building Sciences student at Appalachian State University with dual concentrations in Architectural Design & Technology and Construction Management, seeking a construction internship with a general contractor or design-build firm. Brings hands-on experience leading set construction, contributing to residential home builds, and managing overnight facility operations. Proficient in AutoCAD, Revit, and SketchUp. Active member of SBA, WIC, and AIAS, with OSHA and LEED Green Associate certifications in progress.

Education

Appalachian State University — Boone, NC
Bachelor of Building Sciences, Concentrations in Architectural Design & Technology and Construction Management. — *May 2029*
Relevant Coursework: Construction Methods, Architectural Modeling

E.E. Smith High School — Fayetteville, NC
High School Diploma. Senior Class Secretary; National Art Honor Society (NAHS). — *May 2025*

Experience

Set Design Team Lead, Into the Woods — Aug 2026 – Present
Appalachian State University Musical Theater Club — *Boone, NC*

- Lead all set design decisions for a full-scale theatrical production, holding final authority over design choices, materials, and construction approach from concept through completion.
- Planned and built 15 set pieces using materials ranging from wood to fabric, applying spatial reasoning and structural thinking to meet both aesthetic and functional production requirements.
- Directed a 3-person volunteer build team, maintaining quality standards and coordinating progress to meet a fixed performance deadline.

Volunteer Builder, Race to Build — Sep 2025 – Sep 2026
App Builds a Home, Student Builders Association, Women in Construction — *Boone, NC*

- Participated in Race to Build twice, constructing homes for Hurricane Helene victims through the Appalachian Service Project in September 2025 and September 2026, each completed within a 3-day timeline.
- Performed hands-on construction tasks including framing, roofing, subfloor installation, caulking, siding, window and door installation, and tool repair, applying coursework under real project constraints.
- Supported site coordination and team communication to maintain progress and meet accelerated project deadlines.

Night Auditor — Jul 2026 – Present
La Quinta Suites — *Boone, NC*

- Manage front desk operations independently during overnight shifts, handling guest check-ins, check-outs, and service requests.
- Complete nightly financial audits, reconciling daily transactions and preparing end-of-day reports with accuracy under time constraints.
- Maintain detailed records and ensure property operations run smoothly with minimal supervision.
