

82nd Annual Report

David A. Cramer United Cooperative

Investing for the future

In 2017 United Cooperative focused resources on investing—in assets for the cooperative, in Wisconsin communities and in our cooperative people, while returning value to members in the form of stock revolvement and patronage refunds. Despite a challenging year at the farm-gate, your cooperative continues to be well-positioned financially to continue those investments into 2018.

Investing in the cooperative

In 2017 Greenville Cooperative members voted to merge with United Cooperative. Geographically, the merger between the two cooperatives helped create synergies between United Cooperative's northern locations and its central locations. Larry Plamann, Greenville, was chosen to represent the former Greenville Cooperative membership on United Cooperative's board of directors.

Your cooperative invested in several construction projects during the year that added value to grain President and Chief Executive Officer storage and market opportunities, animal feed manufacturing, seed and agronomic products and services and energy resources. These upgrades were only made possible in your communities by your cooperative being committed to your success as producers. These building projects not only provided jobs during construction, but also keep jobs in the area long after the project is complete.

In Agronomy, a new seed warehouse was built at South Beaver Dam, while a new office and warehouse were added at Coleman. Organic crop nutrients products were made available at the Westfield location as producers are diversifying and finding new income streams in high-value, organically grown crops. And nutrient management planning and consulting services for producers were expanded.

Several enhancements were made to the cooperative's grain facilities to improve market access. The largest project was the expansion of the Oshkosh location with the addition of two, 1.2-million-bushel grain storage bins with 40,000-bushel-per-hour receiving, and 7,000-bushel-per-hour drying capacity. At the Shawano grain facility, a 500,000-bushel grain storage bin and a 4,750-bushel-per-hour dryer were added. Additionally, your cooperative installed 4,750-bushel-per-hour dryers at Horicon, Ripon North and Sauk City, and a rail scale at Oconto Falls. Upgrading feed facilities continued in 2017 with the completion of the Shawano feed mill. The cooperative also built a warehouse where the old mill was demolished.

Investing in Wisconsin Communities

United Cooperative recognizes the importance of giving back and invests in many non-profit organizations initiatives throughout the year. The cooperative's approach is to target community giving to three areas that support members the most: rural health and safety; agricultural youth; and food and nutrition resources. Total giving to initiatives in these three areas reached \$124,500 in 2017.

Investing in cooperative people

In 2017, 51 high school and college students were awarded a \$1,000 United Cooperative scholarship, bringing the total number of students supported through this program to 268 over the last nine years since the program's inception.

Returning value to members

Revenues for 2017 were \$647 million. United Cooperative's core businesses of feed, grain, agronomy and energy generated \$33 million. in profits, up \$8.5 million from 2016. The investments United Cooperative has made in ethanol production contributed \$8.5 million to our net income in 2017, down from the \$13.8 million these investments returned the year before. Patronage from regional cooperatives was down \$600,000 from 2016 at \$5.4 million dollars. All combined, United Cooperative had a total net margin before income taxes in 2017 of \$48.5 million dollars, up \$3 million from 2016.

With those profitable numbers, United Cooperative is returning \$30.1 million in total patronage to members. Forty percent of this patronage, or \$12 million, will be distributed in cash to our patron member owners in April, while 60 percent, or \$18.1 million will be retained in equity credits. In addition, we plan to revolve stock in October, retire stock at age 77 and pay all estates as requested.

Thank you for investing your resources as owners of United Cooperative. We strive to uphold United Cooperative's promise to build on all available resources to create positive customer experiences while growing profits for members and the cooperative. We want members to "Rely on Us" for high quality reliable products and exceptional service, all backed by up-to-date, efficient equipment and facilities. May you have a productive and profitable 2018.

Cooperatively yours,

David Cramer

United Cooperative President and Chief Executive Officer

In 2017, your cooperative ...

- As a result of your 2017 business, your cooperative is returning \$30.1 million in total patronage to members.
 Forty percent of this patronage, or \$12 million, will be distributed in cash to our patron member owners in April 2018, while 60 percent, or \$18.1 million will be retained in equity credits.
- Paid \$7 million in stock revolvement.
- Merged with Greenville Cooperative, effective April 1, 2017.
- Expanded Oshkosh location with the addition of two, 1.2-million-bushel grain storage bins 40,000-bushel-per-hour receiving, and 7,000-bushel-per-hour drying capacity.
- Expanded nutrient management planning and consulting services for producers.
- The Shawano feed mill was completed and your cooperative built a warehouse where the old mill was demolished.
- Added a 500,000-bushel grain storage bin and a 4,750-bushel-per-hour dryer to the Shawano grain facility.
- · Built an office and warehouse at Coleman.
- · Built a seed warehouse at Beaver Dam.
- Installed 4,750-bushel-per-hour dryers at Horicon, Ripon North and Sauk City.
- · Rail scale was added at Oconto Falls to improve market access.
- Awarded \$51,000 in scholarships to high school seniors.
- Provided \$41,000 to 40 local food pantries (in partnership with Land O'Lakes Foundation matching funds).
- Employees completed 1,989 online safety training classes.
- Partnered with local fire departments to train 120 local firefighters and 150 United Cooperative employees in bin entry and rescue.
- Ranked 45th on USDA's Top 100 list of agricultural cooperatives in the United States.
- Ranked 26th on the 2017 CropLife 100 agronomy companies nationally.
- Was named 2017 Service Business of the Year by Shawano Country Chamber of Commerce.
