Starting, Charging & Batteries

Your vehicle's starting and charging system is involved in regulating multiple electrical processes to start your vehicle's engine.

WESTCO Car Care Centers carry industry leading brand Deka to equip your car, truck or SUV. We also carry Deka commercial batteries.

Deka peace of mind benefits include:

- Longer waterless operation and extended battery life.
- More power-per pound than other batteries.
- "Deep picket" envelope separators that protect battery plates, reducing shorts and extending battery life.
- Increased durability for heavy-duty vehicles & equipment.
- Hard to find group sizes.
- More than 250 quality control checks to ensure highest quality.
