

Thursday May 6 2021

Helpful Hint: Click the hyperlinks for more detail.

Grains closed higher today. The price trend continued higher as concerns remain over Brazilian dryness and strong demand & tight supplies. Funds were net buyers of 10k corn, 5 k wheat and 15k soybean contracts today. New contract highs were made in corn contracts today. How are you faring riding the bull?

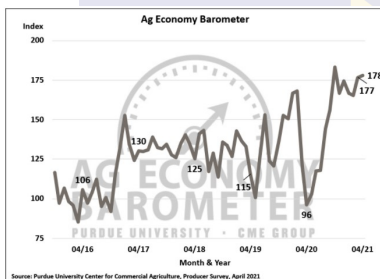

Weekly export sales were mostly disappointing today.

The soybean corn ratio (SX21/CZ21) closed today at 2.25

US Weather Forecasts show improving conditions. South American Weather Forecasts are still dry and concerning to Brazil's safrinha corn.

Next USDA Crop & WASDE reports May 12
