Your Ag Partner Since 1909!

July 31, 2018

Dear Patron:

The results of the wheat plot are in! Looking forward to the fall planting season, we will have several varieties of wheat seed available in Offerle and Bucklin. Those varieties include Grainfield, Double Stop, Winterhawk, Chrome, Tam 114 and T-158. If there is another variety you are interested in, please contact Casey Blackburn or Darryl Roane to place your order. We also have a supply of alfalfa seed and triticale seed. Thank you for your continued business, and please let us know if there is anything we can do to help in your operation!
