

HULL COOPERATIVE ASSOCIATION GRAIN POLICY - Fall 2022

All grain deliveries must designate grain ownership prior to unloading. Signs are available for your delivery vehicle and must be clearly displayed. Each sign will designate the grain unloaded to an individual grain lot to accumulate and average.

Please note: a grain lot will not be able to be combined with other "lots" or ownership groups for moisture averaging, or other discount averaging purposes. The particular lot will stand on its own. If there is a new ownership split, or the percentage of the split has changed, please inform the office prior to delivery.

If an owner settles out (sells, transfers, etc) grain from a particular lot, that lot will be closed and no additional grain can be added for averaging purposes. Please remember this specifically in the case of wet soybeans or wet corn as receiving a check for partial settlement of a lot "locks" that lot at those discounts. PLEASE PLAN ACCORDINGLY.

Transfers off of your lot are permitted in limited circumstances. If a transfer is done prior to completion of delivery, that will also lock the lot for moisture and grade averaging. Further delivery will begin on a new lot. PLEASE PLAN ACCORDINGLY.

Transfer off of a lot to another customer will be denied in the following circumstances: 1) Grain for which a security interest applies issued by a third party, 2) Physically delivered grain that is transferred with intent to place into grain bank, 3) At the discretion of Hull Coop. Hull Coop reserves the right to deny the transfer of grain from one patron to another for any reason.

All grain must be settled within 10 days of final delivery of a lot of grain or not more than 30 days following the date of first delivery of the lot. Grain will be stored automatically after this time (House Receipt). Storage is charged from the average delivery date of the lot.

All stored grain that is picked up will be charged the 15 cents receiving and load out charge per the Hull Coop tariff.

CORN

Drying Drying rate will be 3.75 cents per point removed. Corn above 24% moisture is subject to possible rejection. Moisture is removed based on wet bushels. Drying Rate is subject to change.

Shrink Shrink will be 1.5% per point of moisture removed. (moisture shrink of 1.18%; handling shrink of .32%)

Sold Corn sold within 10 days will be bought at 15% moisture with no storage charges. Corn will be purchased on a dry bushel basis.

Storage House & Warehouse receipt. Storage will be 16 cents for 60 days and 3 cents per month thereafter. Corn will be dried and shrunk to 14% moisture.

Price Later Service charge will be 20 cents for 90 days and 3 cents per month thereafter. Corn will be dried to 15% moisture. Contracts will expire on September 22, 2023. Grain not priced by that time will be priced at the closing cash bid on that day. If allowed, the grain can be rolled to a new price later which must be signed prior to expiration of the original contract.

Grain Bank (regular) Grain Bank is defined as grain delivered to or purchased from the Hull Coop for future use in processed feed or to be fed with protein purchased from the Hull Cooperative Association. Storage will be 60 days free and 3.0 cents per month thereafter. Corn will be dried to 14%. Corn delivered after March 1, 2023 will be allowed into grain bank at 15% moisture until September 1, 2023. If corn is sold out of grain bank, storage will revert back to normal warehouse storage rate for the period the corn was in the elevator. No storage on corn delivered and put in G.B. if free price later is offered until August 18, 2023 - regular grain bank storage rate will apply thereafter. Corn that is removed from grain bank without processing will be assessed the warehouse storage rate and be charged the 15 cent receiving and loadout charge per the Hull tariff.

Grain Bank (purchased) Corn purchased from Hull Coop will have 30 days free storage and will be charged 3 cents per month thereafter.

Rollover P.L. Service charge will be 16 cents for 60 days and 3 cents per month thereafter expiring in August 2024

Free P.L. Not available until announced. If offered, P.L. contract must be priced or rolled over on or before October 13, 2023. Price Later contracts cannot be transferred or placed into grain bank or storage. Grain in a free price later contract cannot be forward contracted for future months.

Custom Drying Corn that is custom dried and removed the same day will not have any additional charges other than drying and shrink. Drying and shrink will be charged on actual moisture removed between incoming and outgoing grain. The custom drying rate will be 5 cents per point of moisture removed.

HULL COOPERATIVE ASSOCIATION GRAIN POLICY - Fall 2022

Corn Discounts

Aflatoxin	Anything over 20 ppb will not be accepted at our facility.
Damage	5-8% damage will be 2 cents per point. 9-10% damage will be 3 cents per point. Above 10% damage subject to rejection.
FM	No discount to 3%. Above 3.0 %, 2 cents for each additional percent. Above 10 % subject to rejection.
Weevily	5 cents per bu.
Musty/COFO	5 cents per bu.
Sour	10 cents per bu.
Test Wgt.	2 cents per pound from 53.9 - 52.0. 3 cents per pound 51.9 and below.
Moist. Average	All Corn loads on a 'lot' will be averaged together with any loads testing 13% or lower counting as 13% into the average (i.e. a load testing 12.5% will be counted into the average as 13%)

SOYBEANS

Sold	Beans can be sold with no storage charge if transaction occurs within the 10 day settlement period.
Storage	House & warehouse receipt: 16 cents for 60 days and 3 cents per month thereafter.
Price Later	Service charge of 16 cents for 90 days; and 3 cents per month. Contracts end Sept 22, 2023.
Roll over price later	Service charge of 25 cents until March 31, 2024; 3 cents per month starting April 1, 2024 and expiring in August 2024
Free price later	Not available until announced. If offered, owner must sign a price later contract and beans in P.L. must be priced or rolled over on or before October 13, 2023. Grain in a free price later contract can not be forward contracted for future months.

Soybean Discounts

Moisture	13.00 % or below no shrink 13.01 to 13.50 = 1.5 % moisture shrink 13.51 to 14.00 = 3.0% moisture shrink 15.00 % and below will be averaged within a lot of beans delivered. Above 15% will be averaged separately and will be subject to refusal. If accepted, the above pattern for increasing shrink percentages continues (i.e. 15.01% to 15.50% = 7.5%, etc.)	14.01 to 14.50 = 4.5% moisture shrink 14.51 to 15.00 = 6.0% moisture shrink 15.01 & over subject to rejection
Splits	20.0 or less - no discount 20.1 to 25.0 % - .0025 per bu. 25.1 to 30.0 % - .0050 per bu.	30.1 to 35.0 % - .0075 per bu. 35.1 to 40.0 % - .0100 per bu. over 40% subject to rejection
Test Wgt.	54.0 or more no discount 53.9 to 53.0 - .005 per bu. 52.9 to 52.0 - .010 per bu. Under 49 lbs subject to rejection.	51.9 to 51.0 - .015 per bu. 50.9 to 50.0 - .020 per bu. 49.9 to 49.0 - .025 per bu.
Damage	0.3 to 0.5% = 2 cent heat damage 0.6 to 1.0% = 4 cent heat damage 1.1 to 1.5% = 6 cents heat damage 1.6 to 2.0% = 8 cents heat damage 2.1 to 2.5% = 10 cents heat damage 2.6 to 3.0% = 12 cents heat damage 3.1 to 3.5% = 14 cents heat damage 3.6 to 4.0% = 16 cents heat damage 4.1 to 4.5% = 18 cents heat damage 4.6 to 5.0% = 20 cents heat damage 5.1 to 5.5% = 22 cents heat damage 5.6 to 6.0% = 24 cents heat damage 6.1 to 6.5% = 26 cents heat damage 6.6 to 7.0% = 28 cents heat damage 7.1 to 7.5% = 30 cents heat damage 7.6 to 8.0% = 32 cents heat damage Over 8% damage or 5% heat damage subject to rejection Heat damage will be discounted as heat damage and also as total damage	

HULL COOPERATIVE ASSOCIATION GRAIN POLICY - Fall 2022

SOYBEANS (Continued)

FM	Foreign material over 1% will be deducted from gross weight. F.M. measured by load; no averaging of F.M. on beans. In addition to the normal FM deduction, corn and other grains in excess of 5% will be discounted 1% of the contract price for each 1% or fraction thereof.
Green damage	Green bean damage subject to special discounts or refusal
Treated Beans	Not acceptable--will be rejected
Other	10 cents for sour and/or musty, heat damage, COFO notations, sticks, stones, dirt or low quality. Sample grade beans will be subject to rejection or additional discount at our discretion. Purple mottled or stained soybeans may be subject to discount or rejection. Materially weathered soybeans will be included in total damage

Oats

Grain Bank	60 days free and 3.0 cents per month thereafter.
Storage	House and warehouse receipt. 16 cents for 60 days and 3 cents per month thereafter.
Moisture	2% of the price per point above 13%.
Test Wgt.	2 cents per pound under 36 lbs.
FM	All FM above 2% will be deducted from the gross weight.

All Oats discounts are calculated on a load by load basis

The Hull Cooperative Association reserves the right to make changes or corrections to this policy at any time.
The Hull Cooperative Association reserves the right to deny delivery due to quality issues on any load of grain.
(Policy in effect as of 8/25/22)
