

The Falcons Turf-Type Tall Fescue Blend

AVAILABLE NOW FROM TURNER SEED

LEGENDARY PERFORMANCE

The Falcons is a blend of top-performing turf-type tall fescues from the legendary Falcon line of genetics. For years, Falcon brand tall fescues have led the NTEP trials in turf quality, color, density, heat and drought tolerance and pest and disease resistance while requiring less fertilizer and fungicide inputs. By combining these characteristics, The Falcons blend provides a dense, uniform turf that establishes quickly and performs in a wide range of locations, in full sun to partial shade, all while saving time and money on fertilizer, chemicals, water and maintenance.

The Falcons
Soaring to New Heights
Turf Type Tall Fescue Blend

THINK GREEN NATURALLY

Every drop counts! Uses 30-50% less water than other brands

- 99.9% Weed free
