

GRAIN NEWS

Cooper Farms Grain Newsletter

Hello!

Hard to believe it is already the second month of the new year! Over the past month, corn prices have been increasing. If you're wanting to sell corn, please be sure to give us a call. We can also set up bid alerts and notify you if your bid price hits. We'd be happy to help you with all your corn marketing needs!

- I was really angry at my friend Mark for stealing my dictionary. I told him, "Mark, my words!"
- What's the difference between a poorly dressed man on a tricycle and a well-dressed man on a bicycle? Attire!
- Want to hear a joke about construction? I'm still working on it!
- How does a penguin build its house? Igloos it together!

USDA Supply/Demand

The next WASDE report will be released Tuesday February 9th, 2021 at 12:00 p.m.

Wet Corn

We are no longer taking wet corn (17% moisture or above) at any of our locations.

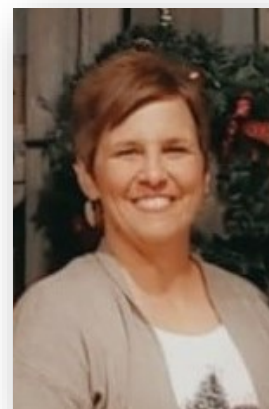

Meet the Cooper Team...

Name: Kim Will

Title: Ingredient Receiving Assistant

Location: Ft. Recovery East Mill

Years at Coopers: 27 years

Favorite Thing(s) about Cooper Farms: Down at the East Mill, I feel like we are a family. We all get along really well and can express our opinions to each other. I also really enjoy talking to the truck drivers that haul in corn and ingredients and I can't forget our own truck drivers and mill workers. They are very dedicated and do an awesome job and that makes my job so much easier.
