

## **FREMAR LLC**

### **Corn and Soybeans DP Storage Program**

Effective Monday, February 14th, 2022, corn or soybeans delivered to any location will have 10 calendar days of free storage. Storage charges will be 4 cents per month, pro-rated daily (\$0.00133/bu per day) thereafter. Grain that is not sold on or before October 14, 2022, will be automatically sold at market close on October 14, 2022.

Program is subject to availability of space at all locations and is subject to change at any time. Any corn or soybeans must be delivered by October 1, 2022, to be eligible for this program.

Any corn or soybeans that is delivered on DP storage will only be eligible to be sold on the spot price and will not be eligible to be applied to any existing sale. Any corn or soybeans that is delivered for DP storage must be clear of any liens prior to being placed on DP storage contract.

DP storage contracts will be issued every 10 days.
