

Central Farmers Cooperative

Montrose, SD

Fall Harvest 2023

Effective 10/23/2023

Grade Requirements:

Corn	Moisture	T.W.	BCFM	Damage
• Delayed Pricing	15.0%	54.0 LB	3.0%	5.0%
• Sales Contract	15.0%	54.0 LB	3.0%	5.0%
• Grain Bank	14.0%	54.0 LB	3.0%	5.0%
Soybeans	Moisture	T.W.	FM	Damage
• Delayed Pricing	13.0%	54.0 LB	1.0%	2.0%
• Sales Contract	13.0%	54.0 LB	1.0%	2.0%
• Condo Storage	13.0%	54.0 LB	1.0%	2.0%

All Loads stand alone, no averaging of any grade factors. Shrink and Drying are calculated to the 1/10th point. Please see discount schedule for other factors.

All bushels delivered above these moistures will have drying and shrink assessed to bring grain to applicable moisture levels.

Priced contracts in the delivery period shall be filled first before applying to Delayed Price program.

Each ticket is calculated separately based on delivery date for our Delayed Price program.

Nearby cash price is used when pricing grain on our Delayed Price program.

Title of grain passes to FREMAR LLC/CFC at dump pit at time of delivery for Delayed Price bushels.

All existing contracts must be signed prior to receiving payments.

Please notify scale of any splits at time of delivery. All Grade discount factors are subject to change due to market volatility.

Corn Disposition

Delayed Pricing: Storage charges will be \$0.15/bu from day of delivery to January 1, 2024 with additional \$.05/bu per month from January 1, 2024 with charges prorated daily through October 4, 2024. Grain that is not sold on or before October 4, 2024, will be automatically sold at market close on October 4, 2024. Storage programs are subject to change based on facility and market conditions.

Grain Bank: 30 days free from first date of delivery, 1.5 cents per month thereafter. Any corn that is deposited to Grain Bank and later sold out as unprocessed corn will be considered as stored corn and will be charged 5 cents per month from time of delivery. There will also be a 10-cent fee in addition to all storage charges if sold out of Grain Bank. Corn stored as Grain Bank is to be processed through Central Farmers feed mill.

Drying Charges: 4.00 cents per bushel, per point of moisture removed (Subject to change due to market volatility in energy markets.)

Corn Shrink: 1.50% per point of moisture removed.
