All Loads stand alone, no averaging of any grade factors. Shrink and Drying are calculated to the 1/10th point. Please see discount schedule for other factors.

No Warehouse receipts will be issued except for Condo and Grain Bank storage bushels. Any Warehouse receipt corn will be shrunk to 14.0% moisture.

All bushels delivered above these moistures will have drying and shrink assessed to bring grain to applicable moisture levels.

Priced contracts in the delivery period shall be filled first before applying to Delayed Price program.

Each ticket is calculated separately based on delivery date for our Delayed Price program.

Nearby cash price is used when pricing grain on our Delayed Price program.

Title of grain passes to FREMAR LLC/CFC at dump pit at time of delivery for Delayed Price bushels.

All existing contracts must be signed prior to receiving payments.

Please notify scale of any splits at time of delivery.

All discount factors are subject to change due to market volatility.
