Lawton

May 15, 2014                      Chisholm Trail Expo Center, 111 W Purdue, Enid

Dr. Kim Anderson will give a **Market Update** and a panel of grain industry representatives will discuss **Upcoming Harvest Issues**. This will be an excellent opportunity for the industry to meet in an informal atmosphere to discuss these and other issues affecting their business operation.

The meetings will begin at 5:30 p.m. with an "attitude adjustment period" followed by dinner. Mark down these dates and plan to bring your neighboring grain elevator operator. Important issues affecting the grain elevator industry will be discussed.
