

Deferred Payment – Installment Sale 2024

Cut off for Installment Sales (Deferred Payment) will be **December 13, 2024**. *(No one will be able to defer payment to 2025 after this date).*

When a producer prices their grain or has it applied to contract, they have until **Friday, December 13, 2024**, to decide if they want to have a deferred check for that grain. A deferred/installment sale contract will then be issued out of the West-Con Holloway office, the producer will **need to sign and return contract by December 27, 2024**. Deferred checks will be ready on January 2, 2025.

Please note that once the grain is put on a deferred/installment sale contract and signed it can't be reversed.

Any grain that is priced before the end of year and is not on a deferred/installment sale contract before December 13, 2024, **will sit on priced until they call the grain department 320-394-2171 option 2 for a check.*

Thank you for your cooperation!
