

Land O Lakes Nutribeeff 50

Type of Feed: Protein/calcium supplement
Form of Feed: Liquid

General Description:

Nutribeeff 50 is a high calcium suspended liquid protein supplement designed for growing/finishing feedlot cattle primarily on high grain rations.

Product Features:

- 50 percent crude protein.
- Made with Louisiana cane molasses.
- Supplies supplemental protein in an energy rich base.
- Contains high levels of major and trace minerals.
- Fortified with vitamins A-D-E, calcium, phosphorus, potassium, and salt.
- Highly stable suspension liquid supplement.

Product Benefits:

- Balances growing/finishing feedlot rations being fed a high grain ration.
- Added sugars enhance rumen function.
- Improves feed utilization, allowing more extensive use of available feedstuffs.
- Lowers feed to gain ratio through improved intakes and increased gains.
- Conveniently force-fed in a bunk ration.
- Less sorting of the ration means more consistent intake of additives.

Feeding Recommendations:

Feed this product continuously to growing-finishing beef cattle weighing 600 pounds and heavier at the rate of one (1) pound per animal per day. Thoroughly blend Nutribeeff 50 supplement with the total ration.

When mixing a bunk or TMR ration, make sure at least one half of the forage to be fed is in the mixer before adding a given amount of Nutribeeff 50.

Consult your Land O Lakes dealer or QLF District Sales Manager for specific ration balancing and feeding instructions.
