

PURINA WIND & RAIN® ALL SEASON 4.0 COMPLETE

0040324

What It Is...

A comprehensive line of beef cattle minerals designed to correct the mineral deficiencies of the available forage in a palatable, weather-resistant, loose formula. Wind and Rain® cattle minerals' large particle size and special formulation keeps the mineral from blowing out of the feeder. And, since the moisture from rain or snow passes easily through the mineral, cattle continue to consume it even after it has been wet. This reduces waste and, as a result, makes Wind and Rain® more economical to feed than conventional loose minerals.

Available As:

JDE Code No.	Mineral Name	Active Ingredient	Level
0041629	Wind & Rain All Season 4 CP AU5600	Aureomycin	5600 g/ton

Features	Benefits
Balanced mineral nutrition	Wind and Rain® minerals contain the proper balance and ratios of all 14 essential cattle minerals. Matching the correct product for the cattleman's available forage assures cattle receive the mineral nutrition they need for health, growth and reproduction.
Consistent Consumption	Research tested and field proven, Wind and Rain® minerals are formulated with high quality, coarse textured ingredients that helps assure palatability. That means cattle will consume what they need, when they need it.
Provides optimum levels of trace minerals at a 4 ounce consumption rate	Aids in disease prevention, improves fertility, and promotes fetal development.

PURINA WIND & RAIN® ALL SEASON 4 COMPLETE

Beef Cattle On Pasture
INTENDED FOR FEEDING BEEF CATTLE ONLY

GUARANTEED ANALYSIS

CALCIUM (Ca), min	11.0%
CALCIUM (Ca), max	13.0 %
PHOSPHORUS (P), min	4.0 %
SALT (NaCl), min	39.0%
SALT (NaCl), max	41.0 %
MAGNESIUM (Mg), min	1.0 %
POTASSIUM (K), min	1.0 %
ZINC (Zn), min	3,600 PPM
MANGANESE (Mn), min	3,600 PPM
COPPER (Cu), min.	1,200 PPM
COBALT (Co), min.	12 PPM
