the **Extraordinary!**

## Private Crop Insurance

**Diversified**  
Crop Insurance Services

*Diversified Crop Insurance Services is a company of  
CGB Enterprises, Inc. and is an Equal Opportunity Provider.*

## Crop Hail Plans

We offer a wide range of crop hail products with flexible deductible options that align with the risk profiles of growers, crops and geographies.

Our plan offerings include companion and production-based policies designed to work directly with your chosen MPCl policy levels by determining and managing your specific exposure based on current markets.

**Options vary by state.** Your local DCIS agent is trained and equipped to customize a plan to address your specific risks and financial needs.

## Our Mission

At Diversified Crop Insurance Services (DCIS), our roots in risk management run deep. Our company has been working with farmers to develop risk management plans since 1969. We understand that developing a risk management plan is not as simple as buying a policy every year. It requires a deep understanding of each farmer's unique needs.

Farmers can tell a difference as soon as they develop a relationship with a DCIS agent. Our industry-leading technology tools and training focus on leveraging each customer's resources in order to manage risk, enhance wealth and improve their quality of life.

Our line of crop hail and private insurance products are designed to work in direct concert with a producer's MPCl selection to provide the greatest risk protection package in the most cost effective manner.

## Value

Our products are competitively priced with an emphasis on getting your claim paid and adding value during the purchasing decision process. DCIS agents use our technology tools to quickly and simply demonstrate to you how various coverage levels, deductibles and policy types compare so you can confidently determine your ideal risk management options.

## Flexible Coverage

- We offer two-hour binding of all private insurance policies, 24 hours a day, 7 days a week.
- Want to ensure you are always covered? Ask about our Advantage Hail and Replant Options for continuous year-to-year protection!

## Comprehensive Options

DCIS private insurance offers highly competitive payment options and coverage periods with many areas and crops eligible for competitive early-pay discounts.

## Endorsements

DCIS offers an extensive menu of private products that insure perils other than hail. Simplify your life by choosing automatic protection through our continuous Advantage options. DCIS agents will ask the right questions to discover what matters most to you and will design a custom insurance plan that delivers you peace of mind as you take less risk and make more profit.

### Endorsements Include:

- Wind
- Fire Only Options
- Prevented Plant
- Replant Supplement
- Vandalism
- Harvested Options
- And many more

*\*Options vary by state and crop.*
