## CORN

### Concordia

- **Cash or Contract Only**
  - OPEN STORAGE is not available
  - Any bushels not sold or contracted will be placed on **Price Later Contracts\***

### All other locations

- Open Storage is available

## SOYBEANS & MILO

### All locations

- **Cash or Contract Only**
  - OPEN STORAGE is not available
  - Any bushels not sold or contracted will be placed on **Price Later Contracts\***

**\*Price Later Contract (PL)**, also known as a Delayed Pricing or No Price Established, allows customers to leave their grain "un-priced" and have until later to establish a price while passing ownership to AgMark

- NO fees IF grain is priced within 15 days of delivery
- Soybeans and Milo priced after 15 days of delivery will have a prorated service fee of:
  - Milo: \$.045/bushel/month calculated from unload date until sold
  - Soybeans: \$.05/bushel/month calculated from unload date until sold
- Flexibility to price any bushel amount
- The price is based on the published cash price at the location where the bushels are located
- Subject to basis and futures price risk, just like storage
- **This is not STORAGE! Title passes to buyer and you are unable to get a CCC loan or LDP once applied to a Price Later contract** (unloads Friday through Thursday applied to PL contract each Friday)
- All Price Later contracts require a signature. Any Price Later contracts unpriced as of Dec 1<sup>st</sup> will be mailed out for signatures and **must be signed and returned.**
