

# 2021 Corn and Soybean Harvest Program

**Effective 9/13/21**

**At delivery, customers must declare how bushels will be marketed at the inbound scale:**

**Contract:** bushels apply to an open contract. See \* below

or

**Spot Sell:** bushels sold at current market spot price

or

**Delayed Pricing (DP):** see below

## **For Delayed Pricing (DP):**

**CORN:** There will be a 5 cent per bushel per month charge, prorated, starting at day of delivery.

**BEANS:** There will be a 5 cent per bushel per month charge, prorated, starting at day of delivery.

**DP Bushels must be priced on or before September 30th, 2022.**

## **Discount scales at time of delivery**

\*We will apply deliveries to contracts first before DP or spot, starting with the oldest. If you would like to cash a load at the scale, you may create a new contract, assuming you have the bushels to cover all your obligations.
