NUTRITIONAL PRODUCTS

LEGACY FARMERS 2017 BUSHELMAXX NUTRITIONAL PRODUCTS PERFORMANCE

- ProStart 5 increased plant vigor,
Darker green plant with 10 bushel
yield punch.
- Bushelmaxx Plus Soybean foliar
provided a 7.8 bushel yield advantage
over untreated in 8 grower trials.
- Bushelmaxx Plus Soybean foliar +
Quilt Xcel application increased yields
by 12.7 bushel over the untreated in 7
grower trials.
- Bushelmaxx Wheat foliar applications
in 2 grower trials resulted in a 5.7
bushel increase.
- Bushelmaxx Corn foliar applications
were limited due to wet soils from
excessive rainfall in the V4-V8 growth
stage.
