Construction	2000 - 2006
Occupancy	2006
Site	740 m²
Ground floor	634 m²
Total floor	740 m²
Costs	1,880,000 USD

Programme Ziwana Art Restaurant is designed to augment the five senses - sight, hearing, touch, smell and taste - with the experience of an ‘imaginary voyage to a mythical and futuristic world’. This sixth dimension is obtained using construction materials that are readily available on the local market: sand, rubble, cement, iron, marble, stone handmade brick and reinforced concrete. Besides its four main dining rooms, the restaurant contains a music space, VIP salon and terrace, smoking room, library and gardens with fountains and a pool.
