

Vacation House

Bhurulia
Gazipur, Bangladesh

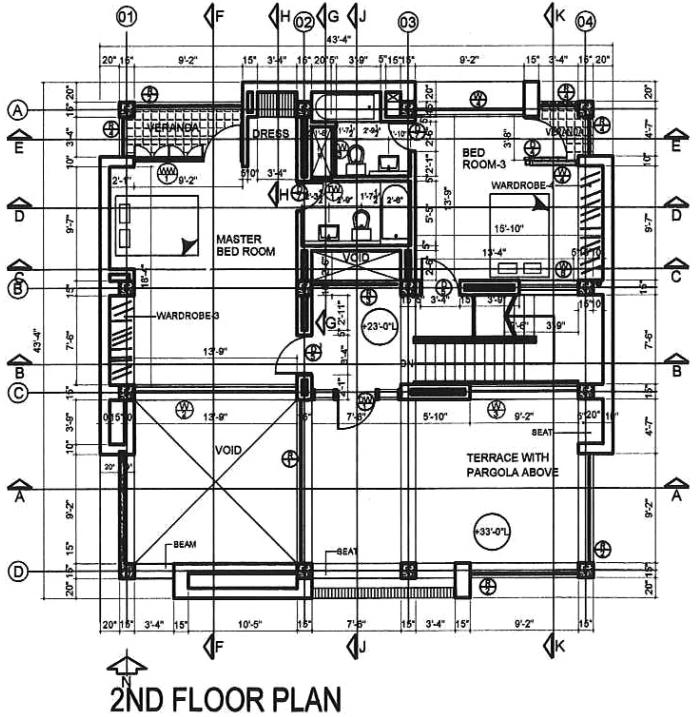

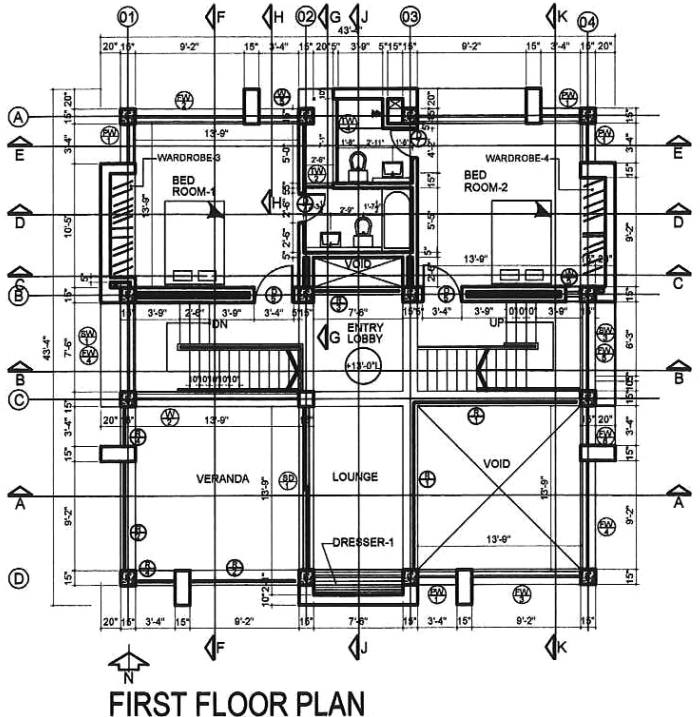

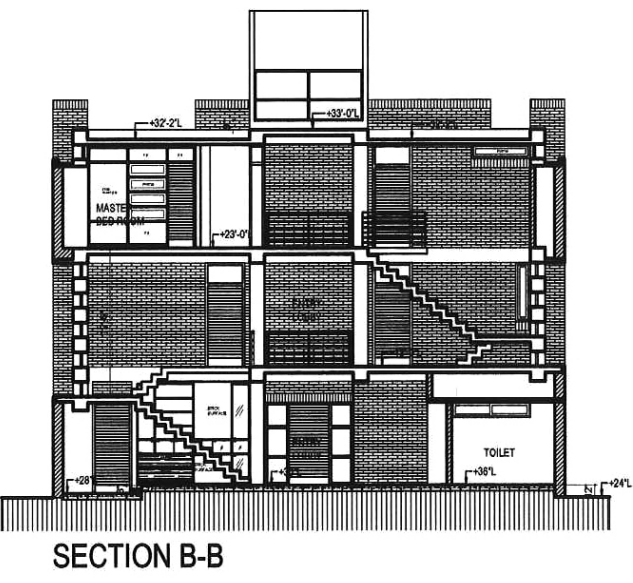

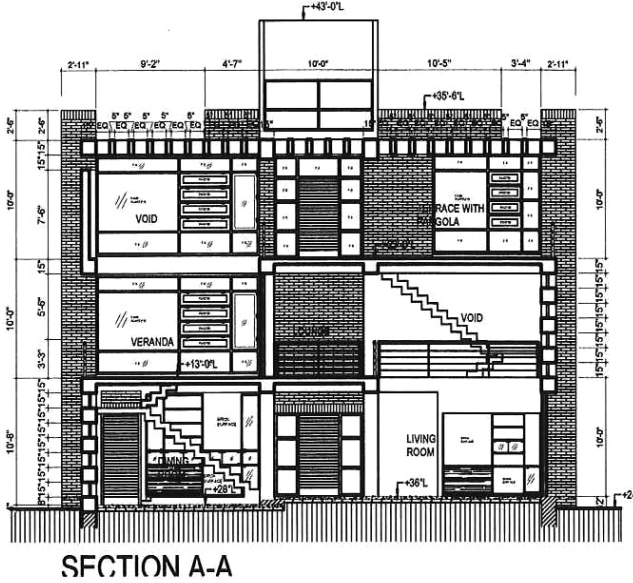

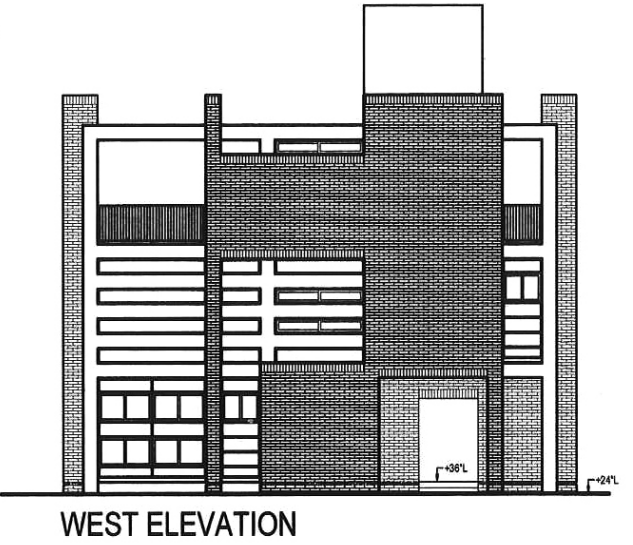

Architects	Shamsul Wares Dhaka, Bangladesh
Clients	Abdul Majid Dhaka, Bangladesh
Commission	2004
Design	2004 - 2007
Construction	2006 - 2008
Occupancy	2009
Site	8,030 m ²
Ground floor	154 m ²
Total floor	438 m ²
Costs	382,000 USD
Programme	This house is only used by the owner on weekends so the ground floor and outdoor spaces remain open to neighbours five afternoons a week. It is therefore transformed into a community facility. The building has been designed in response to the climate. Each room has light and air from at least two sides. Cross ventilation is achieved in all internal spaces. Architecturally, four sides of the building are treated with equal emphasis, as if the building has four front sides. It has been built with a small footprint to save open land. ‘Ghat’ (steps) link the building with a pond.
