Message from Heart of America ATSSA Chapter - Urgent News from the Kansas Department of Transportation (KDOT)

Jonny Madrid, Pavement Marking Specialist, Kansas Department of Transportation (KDOT): This notice is to both contractors and manufacturers that have yet to submit certification letters, stating which contractors are certified in the installation of pavement markings, per KDOT specification 806. Please be aware, annual certifications are required for both pavement marking materials and glass beads. If I do not receive these certification letters via email or standard mail, I cannot allow pavement marking jobs to begin here in Kansas. Therefore, in order to keep all pavement marking jobs on track for this Spring, please have these sent to me as soon as possible. If you have any questions, I can be reached at (785) 296-7432.

For all contractors, please place a courtesy call into your material and glass beads representatives, and inquire if they have indeed submitted the yearly certifications to KDOT.

For all manufacturers, please provide me your lists, as we have jobs starting up fairly quickly. Thanks again for your support and effort. Have a great weekend!

Your involvement in ATSSA Chapters is important to the advancement of roadway safety. ATSSA - Our members make the difference.
