We take the time to provide patients with the best product and exquisite free services on our patient's hearing aids so that they can get the most out of them so they can hear all the sounds of life.

Q. Devin, tell me a little about your OPEN HOUSE & ANNIVERSARY SALE EVENT.

A. SO WE ARE PAYING IT FORWARD TO HELP OTHERS WITH HEARING LOSS. Steve Braden from Siemens Audiology will be in attendance Tomorrow NOVEMBER 7th thru the 10th in THE Mechanicsburg & Carlisle Offices TO PASS ON HIS KNOWLEDGE ABOUT THE SIEMENS FACTORY,

their SIEMENS/SIGNIA QUALITY PRODUCTS, AND also SPECIAL PRICING AT THIS EVENT ONLY. Siemens has been making hearing aids since the 1800's and are a trustable and reliable brand throughout history. And ever since the technology boom have been rated at the top of the consumer reports because out of the other 6 companies they have more Research and Development because they make more than just hearing aids. PLUS at this event WE WILL BE PROVIDING FREE HEARING TESTS AND FREE CONSULTATIONS TO EXPLAIN EVERYTHING ABOUT YOUR EARS: IF YOU HAVE A HEARING LOSS THE TYPE AND THE SEVERITY.

Q. Devin, Why should you not wait to do something about your hearing?

A. The longer you wait the worse it can get and because certain areas of the cochlea are not stimulated, signals

in those areas won't be sent up the auditory nerve to the speech center in the brain so untreated hearing loss can cause issues with auditory deprivation, and can affect cognitive brain function and balance issues because your balance organs are connected to the cochlea. All things that treatment for hearing loss can help with. Plus on top of that and helping you hear hearing aids can also help with tinnitus or ringing in the ear.

Q. John tell me a bit about your Siemens Hearing Instruments?

A. The NEW CELLION PRIMAX IS RECHARGEABLE IT RUNS 24 HOURS ON A SINGLE CHARGE AND HAS a narrow directional band that helps out clients here very well in background noise situations, they are also waterproof, dust proof, & sweat proof.

Q. What Specials will you be having at your open house?
