

INSURANCE COVERAGE FOR HEARING AIDS

Prior to your appointment, please call the number on the back of your health insurance card and ask if you have coverage for hearing aids. Our receptionist will also verify your coverage; however, it is your responsibility to know your benefits.

We recommend that you ask your insurance provider the following questions:

1. Does my policy cover hearing aids and, if so, how much?
2. Am I covered for one (1) or two (2) hearing aids?
3. How often can I obtain new hearing aids?
4. Do I have a deductible or co-insurance for hearing aids, or does cost share apply?
5. Is my coverage the same in and out of network? (if your insurance is not a Blue Cross plan)
6. Do I need a medical clearance from a physician to order hearing aids?
7. For previous hearing aid users: Do I need a new medical clearance from a physician or is my previous medical clearance still active?

If you order hearing aids you will be expected to make a deposit on the day your hearing aids are ordered. If you have insurance coverage for hearing aids, *Professional Hearing Aid Center* will file a claim with your insurance provider and you will be financially responsible for whatever portion insurance does not cover.
