Women's Cancers Program Gynecologic Cancers Telephone Support Group

A diagnosis of cancer can come when you least expect it, and it changes your world completely.

CancerCare is currently recruiting participants who are diagnosed with any type of gynecological cancer and are currently receiving treatment. This is an opportunity to connect with other women nationally and discuss the specific challenges that may arise when diagnosed with gynecological cancer.

This group is led by CancerCare's Women's Cancers Program Coordinator, Lauren Chatalian, and will run for 12 sessions beginning in February 2020. The group will meet Tuesday afternoons via conference call at 2 p.m. EST.
