Deep is the well of Your kindness
Deep is the well of Your peace
Deep is the well of Your mercy
(Take us deeper than before)

We come before you
Broken down and weary
Our heavy burdens
We lay them down at Your feet
Our hearts surrendered
Holding to Your promises

We come together
Longing for your presence
Our hands are open
We thirst for understanding
This living water
We drink and we are satisfied

Come Fill our hearts to overflow
Come Take us deeper than before
Come Living water make us whole
We want to know you
We want to know you more

Come Fill our hearts to overflow
Come Take us deeper than before
Come Living water make us whole
We want to know you
We want to know you more
