D#m - B - F# - G#m

D#m B
Word became light in the beginning
F#
As Your voice called out in stillness
G#m
And the world was dark and void
D#m B
The sound of hopelessness retreating
F#
As Your whisper fills creation
G#m
Telling wonders of Your love

B
You speak and there is healing
C#
You speak and dead bones rise
D#m
You speak and it moves mountains
C# (F#/A# into chorus)
You speak and there is life

B F# C# F#/A#
Oh, You set the world in motion
B F# C# D#m
Oh, You taught the stars to shine
B F# C# F#/A#
Oh, Displaying all Your goodness
B
You speak and there is life
C#
You speak and I'm alive

D#m B
A love beyond my understanding
F#
But I know you by your promise
G#m
You are strong and you are kind
D#m B
With every fiber of my being
F#
God, I know that you are with me
G#m
Like you've been for all of time

B - C# - A#m - D#m

B C# A#m

Your Word is truth, Your Word is light,

 D#m

Your Word is hope and Your Word is life
