## **Verse 1**

The stars You placed  
You set the earth in motion  
All time and space  
You spoke them into purpose

## **Pre**

So we come before You  
Expectant  
Knowing Your timing  
Is perfect

## **Chorus**

From age to age  
We know Your love remains  
Your goodness is overwhelming  
Your goodness is overwhelming  
From wave to wave  
Your love will stay the same  
Your goodness is overwhelming  
Your goodness is overwhelming

## **Verse 2**

The heavens sing  
Of Your endless wonder  
So how could we  
not join the song
