Walk with God in Worship: Music

SCRIPTURE: Psalm 150, Revelation 19:6-9, John 4:21-24

Close your eyes and think back to a time in your life where you were impacted by music. This doesn't have to be church music. It could be a season of life, or a specific song or moment. How would you describe your memory of this time? Is it fond? Peaceful? Stressful?

Read Psalm 150 together. What other instruments have you ever seen or experienced in worship? What do you think is the MOST important factor in churches when people gather to worship?

Music can be an effective vehicle to communicate. How do you see this being used in a positive way with Christians in our culture? How do you see this being used in a negative way?

How do you include music in your day to day life? How would you like to use it more to deepen your faith?

Take a few minutes to look through the book of Revelation. We read 19:6-9 at worship, but what other examples of worship do you see represented in this "foretaste of eternity?" (Rev. 4:6-11, 5:13-14, 14:6-7, 21)
