

WORSHIP LEADER WANTED

Bethlehem Lutheran Church in Fargo is hiring a part-time Worship Leader to inspire and lead people in the worship of God during our 10:45 AM Sunday service and potentially other church events. Worship is a major component of ministry, and our church has enjoyed dynamic worship for many years. While worship leaders lead worship, they also lead people.

What you will do:

- Lead worship during Sunday service at 10:45 am and potentially other church events
- Provide direction and leadership to worship team as developed for our 10:45 a.m. service
- Work to build a committed group to dedicate their musical talents to the church
- Help recruit, develop, and schedule music team volunteers

Who we're looking for:

You are a highly-relational leader. You are able to interact with people in a variety of circumstances in such a way that you inspire them in a positive direction.

You are a skilled musician with excellent vocal ability. We're looking for a strong vocal presence and proficient musical skill to lead the service and other musicians.

Our worship team will be comprised mostly of volunteer musicians and vocalists, so you should be able to build and skillfully guide a team of musicians.

Much of a worship leader's responsibilities occur outside of the typical 9-5 workday. You should be available to work when necessary including weekends, some evenings, and occasional holidays.

We're looking for someone with some experience in leading music in a church or other settings.

Membership at Bethlehem Lutheran Church is not necessary for employment, but you should have beliefs that are consistent with our statement of faith.

Ready to apply?

If this all sounds interesting to you and you would like to join us, we want to learn more about you.
