

**Mrs. Sarah Lovas**

Sarah and her Husband, Jason are 4<sup>th</sup> generation farmers. They also farm with Jason's father Pete. Lovas' raise wheat, corn, soybeans, and barley on a conventional farming operation. Sarah is also agronomist (someone who helps farmers make decisions with regards to seed, fertilizer, chemical, and crop production practices). She has a small independent agronomy company that helps farmers with their agronomy decisions and also provides soil sampling, crop scouting, and precision agriculture services.
