January

No matter who you are . . .  
 . . . or where you are on life's journey,  
 YOU are welcome here.

## VOLUNTEER OPPORTUNITY

We need two medical cleaning teams for the 2026 calendar year. The available months are February and August.

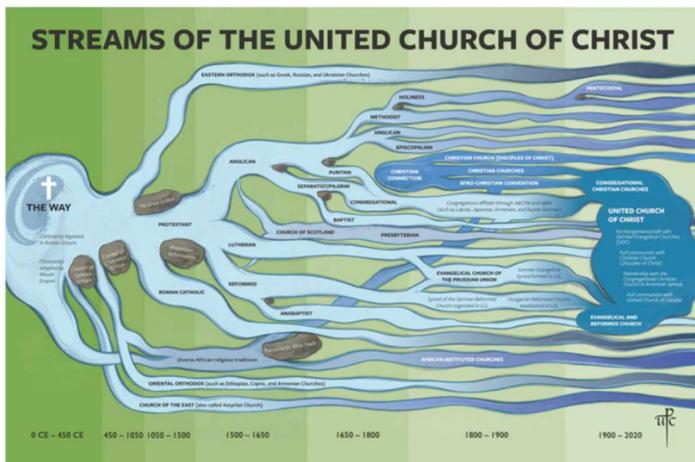

Generally, volunteers come once a week to clean and maintain used equipment. This is a vital community ministry, and we need the congregation's support to keep it operational. Please contact Terra in the Church office if you are able to assist.

## UCC HISTORY AND POLITY REFRESHER

If you are interested in becoming a voting member of Saint Stephens, you are invited to attend the Confirmation Class on **January 21**, which will cover UCC history and polity. We will also share dinner together during this time. The class will take place from **5:00 PM to 7:30 PM**.

If you are unable to attend on January 21, there will be a New Members Lunch after church on January 25. New members will be received before the Annual Meeting on February 8.

Current members who would like a refresher on UCC and the organizational structure of our church are also welcome to join. Please sign up if you plan to attend so we can prepare adequately for dinner.

## 2026 BUDGET/ELECTION MEETING

**February 8 after Worship**

Annual meeting packets will be available for pickup in the church office during office hours or at the scrip table on Sunday mornings starting January 18.

As is my custom for January church newsletters, I offer a potpourri of church trivia questions. Because all the answers are available somewhere in St. Stephens, this could also be called a scavenger hunt. Have some fun! Completed entries may be placed in the "Ask the Pastor" bucket, and a winner will be drawn from the bucket at the Feb. 8 Annual Meeting for a valuable prize.

1. What was the title of the church newsletter before it became "The Interpreter"? \_\_\_\_\_
2. What was the name of the first bald pastor at St. Stephens? \_\_\_\_\_
3. Name the hymnal in which you can find "Complete Orders of Worship Authorized by the General Synod of the Evangelical and Reformed Church." \_\_\_\_\_
4. What seminary did notable E&R and UCC theologians Reinhold Niebuhr, H. Richard Niebuhr and Walter Brueggemann attend? \_\_\_\_\_
5. The Rev. Dr. Augustus Kuether recently died. What was his connection to St. Stephens UCC? \_\_\_\_\_
6. The Rev. Dr. Fred Trost was the Conference Minister in Wisconsin for many years and accomplished a great deal in his tenure here. Rev. Trost's mother was a member of a church Pastor Mike served before being called by St. Stephens. Name that church.  
\_\_\_\_\_
7. There is a portrait of Tripp in Pastor Mike's office. What is the pseudonym of the "painter?"  
\_\_\_\_\_
8. The stained glass window of Jesus in the Garden of Gethesemane is based on a famous painting by what German painter? \_\_\_\_\_

I hope you have some fun with the trivia in the coming year and...

*"May God grant you always a sunbeam to warm you,  
a moonbeam to charm you,  
Laughter to cheer you, faithful friends near you.  
And whenever you pray, Heaven to hear you."*

*Happy New Year!*

*Pastor Mike*

## TEND & TABLE

Saint Stephens is excited to be a part of Tend and Table! This farmer-led subscription service connects Wisconsin farmers with our community, making fresh food more accessible and supporting our local farmers.

Currently, we have about four people participating in Tend and Table, and we hope to see this number grow. Below are some pictures of the items that have been included in the boxes!

To make your first purchase or to learn more, please visit the provided link or scan the QR Code. It's important to complete your purchase through the Saint Stephens link so that we receive credit. Subscription boxes will be available for pickup on Fridays from 4 PM to 6 PM. [Click Here for Link](#)

## NEW STOVE FELLOWSHIP KITCHEN

The stove in the Fellowship Kitchen had burners that went out. Due to its age, the cost of repairing it, including parts and labor, was going to be expensive. Additionally, the burners were unable to get our large pans to a boil.

In December, Pastor Mike visited Hargraves in Merrill to explore options for a new stove. He identified one that was priced at \$799 and inquired about any potential discounts for the church. Scott said, "How about we just make this our Christmas gift to the church?"

We would like to extend our heartfelt thanks to Scott and Kim Voigt for their generous donation of a brand new stove to our Fellowship Kitchen. It has been a fantastic addition for our Mission Trip fundraisers, Dinner @ 5, and other events.

It actually gets the water in our large commercial pots up to a boil. We are so very grateful!

At St. Stephens, we shop local whenever we can. We get better service, friendly delivery, and when you look at the total cost, shopping local is less expensive than the so-called big box stores. Our local merchants support the O'Tannenbaum Tour, the county fair, local sports teams, and so much more. Stop in at Hargraves and tell them St. Stephens sent you!

## STEWARDSHIP CORNER

# 7 tips to outsmart scammers and protect yourself online

By Cameron Brooks

Americans lost \$12.5 billion to fraud in 2024, up 25% from 2023. Today's scammers are constantly testing new tactics to trick consumers, from large-scale investment schemes to "urgent" text messages impersonating your boss. (Don't reply.)

Unfortunately, scam attempts often spike around the holidays. With heightened online shopping activity comes gift card fraud, package delivery scams, fake charity solicitations and worse. Tactics like these are increasingly difficult to spot, so it's important to keep your security measures current.

Here are 7 tips to stay safe online this holiday season and beyond:

### 1 USE STRONG PASS PHRASES/ PASSWORDS:

Use a password manager app to generate and store your login credentials for online accounts. When it's available, enable multifactor authentication (MFA), a security measure that requires you to verify your identity using two or more methods before accessing an account (for example, providing both your password and a PIN code sent to your mobile phone). MFA adds a layer of protection to reduce the likelihood of an unauthorized person accessing your accounts.

### 2 SHOP ON SECURE WEBSITES:

Look for "https://" and a padlock icon in your browser

search bar before entering your payment details.

**3 TRY A VPN:** A virtual private network is a service that enhances your cybersecurity by encrypting your internet traffic and masking your IP address, making it significantly harder for threat actors to intercept your data or track your online activities. It sounds complex, but it only takes a couple clicks to activate.

**4 USE CREDIT OVER DEBIT:** Credit cards often have stronger fraud protection, allowing you to dispute suspicious charges without losing actual money.

**5 BEWARE OF IMPOSTORS:** Scammers use urgency and fear, often posing as government, financial or other corporate entities. Never respond to unsolicited texts, calls, emails or direct messages on social media until you're certain they're authentic. Verify information by looking up the information independently from what you were sent.

**6 MONITOR YOUR ACCOUNT STATEMENTS:** If you're not already in the habit, consider keeping a closer eye on your account statements and report any suspicious activity to your account provider.

**7 SHOP BRICK-AND-MORTAR STORES:** Why not support local businesses with some in-person holiday shopping? You even could pay in cash. The scammers won't stand a chance!

None of us is immune to fraud, but taking these steps can help safeguard your money and information from criminals. Practice caution online, and don't be afraid to ask for help.

### *Leaning into the Winter Doldrums*

By Leanne Schnabl

With the shortage of daylight during the winter months, people often talk about and experience the “Winter Doldrums” or the Winter Blues. But does the lack of sunlight and being indoors for most of the day or week automatically bring negative side effects? I do not think so, and I want to share with you some positive effects that I have personally experienced this winter season from staying inside.

I challenge myself to read a book that is outside my usual reading palette. I “Google” the author to learn more about his/her writing career and the influences around their writing. I read books that were the basis of movies or TV shows. You do not have to buy a book—take a trip to a local library to find new material to stir your curiosity. I also pick up one of the devotional resources at church and read a few daily entries each day, often rereading the associated Bible passages and the author’s take on the chosen scripture a few times.

I spend at least a few minutes each day watching the birds and squirrels outside my windows. God’s littlest creatures can be very entertaining. I like watching woodpeckers eat from the seed logs I have hanging in my yard. While I do not like squirrels, I am entertained by their tenacity at trying to get into my bird feeders.

I have coloring books that I use, and I love the fact that I can pick any color I want, depending upon my mood. I can be whimsical and give a child green hair or give a tree purple leaf. Or I simply doodle on scratch paper. I do not create for anyone other than myself, and I never worry about my drawings being “good enough”.

These activities are relaxing for me, and I find that I can mentally process things I might be worried about while I am relaxing. By devoting time to my Winter activities, my worries are not so important, and my anxiety either diminishes or goes away. Being inside with shortened daylight can be a blessing and open the doors to new interests.

## WISE EVENT

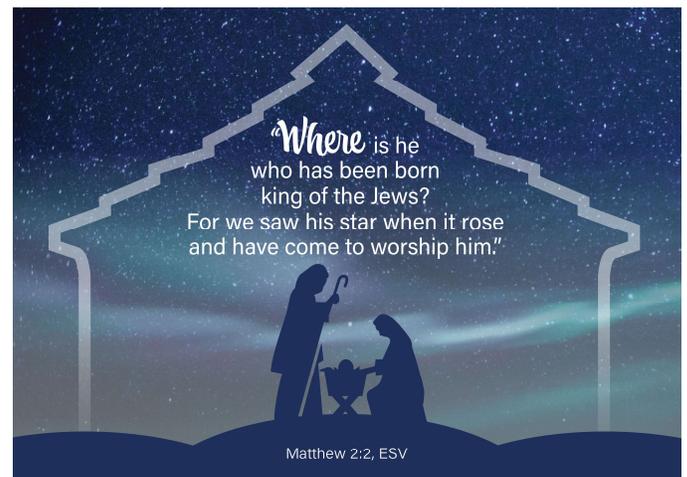

The WISE team is sponsoring an afternoon to socialize, play games, and do puzzles on **Saturday, January 24 from 2:00-5:00**. All are welcome and should bring their favorite game or a puzzle to share.

## GREEN TEAM

**This January, you can focus on energy efficiency at home! Enjoy these tips from the University of Michigan.**

- Insulation is key to keeping out cold winter air. Think about clear window film to prevent heat from escaping or weather stripping for windows and doors.
- Keep drapes open during the day to let in the warm sunlight and closed at night to keep out drafts.
- Unplug small appliances, chargers, and adaptors to avoid phantom energy.
- Turn down the heat at night or when you leave for long periods of time.
- Bundle up at home before turning up the heat.
